Eating Right on a Budget

Getting the most nutrition for your food budget starts with a little extra planning before you shop. There are many ways to save money on the foods that you eat. Here are some budget-friendly tips for eating right.

Plan what you're going to eat

Before you head for the grocery store, plan your meals and snacks for the week. Review recipes for what ingredients are needed. Check to see what foods you already have and make a list of what you need to buy. When you shop with a list, you will be less likely to buy extra items that are not on it.

Decide how much to make

Making a large batch by doubling a recipe will save time in the kitchen later on. Extra portions can be used for lunches or meals later in the week, or freeze leftovers in individual containers for future use. Plus, foods purchased in bulk are almost always cheaper.

Determine where to shop

Check the local newspaper, online and at the store for sales and coupons, especially when it comes to more expensive ingredients, such as meat and seafood. While at the store, compare prices of different brands and different sizes of the same brand to see which has a lower unit price. The unit price is usually located on the shelf directly below the product.

Shop for foods that are in season

Fresh fruits and vegetables that are in season are usually easier to get and may be a lot less

expensive. Your local farmer's market is also a great source of seasonal produce. Just remember that some fresh fruits and vegetables don't last long. Buy small amounts at a time to avoid having to throw away spoiled produce. Eat Right Food, Nutrition and Health Tips from the Academy of Nutrition and Dietetics

Try canned or frozen produce

At certain times of the year, frozen and canned fruits and vegetables may be less expensive than fresh. For canned items, choose fruit canned in 100% fruit juice and vegetables with "low sodium" or "no salt added" on the label. Focus on nutritious, low-cost foods. Certain foods tend to be less expensive, so you can make the most of your food dollars by finding recipes that use the following ingredients: beans, peas, and lentils; sweet or white potatoes; eggs; peanut butter; canned salmon, tuna or crabmeat; grains such as oats, brown rice, barley or quinoa; and frozen or canned fruits and vegetables.

Watch portion sizes

Eating too much of even lower cost foods and beverages can add up to extra dollars and calories. Use smaller plates, bowls and glasses to help keep portions under control. Fill half your plate with fruits and vegetables and the other half with whole grains and lean meat, poultry, seafood or beans. This is an easy way to eat a balanced meal while controlling portions and cost. To complete

the meal, add a glass of fat-free or low-fat milk or a serving of fat-free yogurt for dessert.

Make your own healthy snacks

Convenience costs money, so many snacks, even healthy ones, usually cost more when sold individually. Make your own snacks by purchasing large tubs of low-fat yogurt or cottage cheese and dividing them into one-cup containers. For trail mix, combine nuts, dried fruit and whole grain pretzels or cereal; store small portions in airtight containers. Air-popped popcorn and whole fresh fruits in season also tend to cost less compared to prepackaged items.

Cook more, eat out less

Many foods prepared at home are cheaper and more nutritious. Also, convenience foods like frozen dinners, pre-cut vegetables and instant rice or oatmeal will cost you more than if you make them from scratch. Go back to basics and find a few simple and healthy recipes that your family enjoys. ©2014 Academy of Nutrition and Dietetics.

Getting To Know You...

Senior Social Committee

The Senior Social Committee hosts our Senior Socials which are held twice a month, on the second and fourth Friday at Noon. If you've ever participated in a Senior Social, then you have likely met Cheryl Todd, Sandy Bogan, Ginny McLemore, Rose Ann Gibson, Nell Dillard or Cheryl Jordan, who graciously plan, prepare dishes and host a luncheon for the enjoyment of many of our members.

Q: *How long have you been on the Social Committee?*

A: Since January, 2012, that's 5 years!

Q: *What is your favorite part about being on this committee?*

A: Interacting with the people who attend the potlucks.

Q: *What is your least favorite part?*

A: Deciding on what main course to provide.

Q: *What would you like our members to know about this committee?*

A: We always appreciate the offers of help, even if we aren't sure what needs to be done at that particular moment!

Q: *How can members help with Senior Socials?*

A: By bringing their contributions of food a few minutes prior to noon so we have time to set it out without having to rush.

Q: *Do you currently need help on your committee?*

A: It would be nice for someone else to prepare the main meat for the luncheon so we don't always have to cook it. We have funds from donations so I would be happy to purchase the meat or even reimburse someone if we are given a receipt from the store. We just need to know prior to the purchase that they intend on buying meat and preparing it, to avoid having too much meat at one meal.

Q: *Anything else you'd like to share with our members?*

A: Every member of the center is welcome to attend the potlucks. We really appreciate the donations that people give to us and we use that money to purchase meat as well as supplies (paper products, cups, etc.).

If anyone would like to take over as head of the Social Committee, and/or as Treasurer, we would be happy to oblige as it's probably time we step aside and let someone else take over this position.

If you are interested, contact Cheryl Todd at 575-887-6812.

This is a great way to volunteer your time and get to know many of our members!

Thank You

History of the four leaf clover

The four leaf clover is one of the most common good luck symbols of the Western world. The four leaves represent hope, faith, love and luck. Some say the four leaves represent fame, wealth, love and health. All agree that the four leaf clover is one of the most auspicious good luck symbols around. Chances of discovering a four leaf clover are 1:10,000, so if you find one you are lucky indeed!
