RFP # 2016-06
Addendum 1

2/05/16

Addendum Notice – 8th Street Waterline Project Engineering

The City of Carlsbad has been asked the following questions regarding RFP 2016-06 and offers the following response in blue text:

1. Is a water system map of the Eighth Street area available?

See attached map of the section of 8th St. referenced in RFP 2016-06. 8th Street extends further north from Texas St., so the plan is to parallel the existing line as far North as Pierce St. The second phase will include a waterline from Texas St. to Church St. and the Third phase will include a line from Church St. to Pierce St.

2. Who did the most recent water system modeling that resulted in this project?

The most recent water modeling was done By WHPacific as part of the Water Master Plan and Hydraulic Model update, November 2012.

Matt Fletcher
Purchasing Manager
