HARRY BURGESS
CITY ADMINISTRATOR

February 16, 2010

Public Notice

Carlsbad Public Works plans to improve the one block segment of Fox Street between Alta Vista Street and Cypress Street. This segment is too narrow and has been a bottleneck for parents and students needing to access Alta Vista as well as the Boys and Girls Club. The heavy truck traffic in and out of Public Works and the School Warehouse contribute to the congestion.

Beginning Monday, February 22, 2010, the street segment will be taken out of service and work will begin to widen and add a pedestrian sidewalk to the south side. Work will continue for about 2 weeks and during that period, the street will be closed to thru traffic both vehicular and pedestrian. There will be appropriate detour signs to divert the normal traffic one block south to Greene Street.

We apologize for the inconvenience affecting school drop off and school busses. Rest assured we will try to keep the construction period as short as possible. We believe the improvements will be worth the temporary inconvenience. If you have problems or special circumstances, please call Public Works at 575-885-6262.

Sincerely,

Tom Carlson, Deputy Director of Public Works
