WD knows and understands that one or more of the Buildings have membrane roofs. Significant harm could result if the membrane were torn, punctured, or otherwise damaged. WD shall use all reasonable caution not to damage any Building roof. WD shall be solely responsible for any damage to or destruction of the Buildings, City property, or any improvements caused by the acts or omissions, willful or otherwise, of WD's officers, employees, or agents.

7. **Reporting Damage.** WD shall immediately verbally report to the Facility Maintenance Supervisor any vandalism, damage, or destruction as well as any repair or maintenance needed to be performed by the CITY. WD shall provide the CITY with copies of those current permits, licenses, and certifications. WD shall furnish to the CITY new permits, licenses, and certifications as they are renewed or obtained. In the event WD should cease to be properly permitted, licensed, or certified, it shall immediately inform the City Administrator and shall immediately cease its operations pursuant to this Agreement. Within three (3) days of ceasing to be properly permitted, licensed, or certified, WD shall also notify the CITY in writing of that event. WD shall require all its officers, employees, and agents, to comply with all applicable local, state, and federal laws, rules, regulations, and policies.

9. **Structural Changes.** WD shall not make any structural changes to the Buildings, CITY property, or to any CITY structure or building used by WD, without the prior written consent of the CITY. Any such change shall be performed in a workmanlike manner and shall be done in accordance with all applicable laws, rules, and regulations.

10. **Assignment of Agreement.** WD shall not sublease, assign, or transfer any interest in or right to this Agreement without the prior written approval of the CITY.

12. **AS IS Condition.** Prior to the commencement of this Agreement, WD has fully examined and inspected the Buildings and all improvements, fixtures, appliances, and personal property thereon. WD accepts the Buildings and such improvements, fixtures, appliances, and personal property in their existing condition and state of repair. WD accepts them in an **AS IS CONDITION**. WD agrees that no representations, statements, or warranties, express or implied, have been made by or on behalf of the CITY in respect thereto, including, but not limited to their suitability for any purpose, and the CITY shall in no event be liable for any latent defects.

13. **Term.** The term of this Agreement shall be for one (1) year beginning on the 27 day of June 2018, and terminating on the 26 day of June 2019. This Agreement may be renewed for three (3) additional one (1) year terms upon the mutual agreement of both parties and upon such terms and conditions as the parties may agree. Not later than forty-five (45) days before the expiration of this contract, if both parties desire to renew for an additional year, the parties shall meet to negotiate renewal terms and conditions.

14. **Records.** For the term of this Agreement and for five (5) years after the expiration or termination of this Agreement, WD shall maintain copies of all records regarding any and all activities it conducts pursuant to this Agreement. The CITY shall have the right to inspect and copy such records upon reasonable notice to WD.

15. **Indemnification.** WD agrees to indemnify, save, and hold harmless the City, its officers, agents, and employees against all liability, claims, damages, losses, or expenses of every kind, including reasonable attorneys' fees together with costs and expenses of litigation, arising out of, from, or associated in any manner with the acts or omissions of WD, its officers, agents, or employees.

16. **Insurance.** At all times material to this Agreement, WD shall obtain and maintain, at its own expense, public liability insurance in the sum of two million dollars ($2,000,000.00). WD shall provide the CITY with notice of any change thereof, and furnish to the CITY evidence of acquirement of a substitute therefore, and payment of the premium thereof.

17. **Release.** WD, upon final payment of the amount due under this Agreement, releases the CITY, it's officers, agents, and employees from all liabilities, claims, and obligations whatsoever arising from or under this Agreement. WD agrees not to purport to bind the City of Carlsbad, unless WD has express written authority to do so, and then only within the strict limits of that authority.

18. **Default or Breach.** Each of the following event shall constitute a default or breach of this Agreement:

A. **Bankruptcy Filing.** If WD during the term of this Agreement, shall file a petition in bankruptcy or insolvency or for reorganization under any bankruptcy act, or shall voluntarily take advantage of any such act by answer or otherwise, or shall make an assignment for the benefit of creditors.

B. **Involuntary Proceedings.** If involuntary proceedings under any bankruptcy law or insolvency act shall be instituted against WD, or if a receiver or trustee shall be appointed for all or substantially all of the property of WD and such proceedings shall not be dismissed or the receivership or trusteeship vacated within sixty (60) days after the institution or appointment.

C. **Failure to Comply.** If WD fails to perform or comply with any of the conditions of this Agreement, and if the nonperformance shall continue for a period of fifteen (15) days

after notice thereof by the CITY to WD, or, if the performance cannot be reasonably had within the fifteen (15) day period, and WD shall not in good faith have commenced performance within the fifteen (15) day period and then diligently proceeded to completion of performance.

D. **Transfer.** If this Agreement shall be transferred to or shall pass to or devolve to any other person or party, except in the manner specified herein.

19. **Effect of Default.** In the event of default hereunder as set forth in this Agreement, the rights of the non-defaulting party shall be as follows:

A. **Cancellation.** The non-defaulting party shall have the right to cancel and terminate this Agreement. On expiration of the time fixed in the notice, this Agreement and all rights, title, and interest of the defaulting party hereunder shall terminate in the same manner and with the same force and effect, except as to the defaulting party's liability, as if the date fixed in the notice of cancellation and termination were the end of the term herein originally determined.

B. **Compliance.** The non-defaulting party may elect, but shall not be obligated, to make any payment required of the defaulting party herein or comply with any agreement, term, or condition required hereby to be performed by the defaulting party, and the non-defaulting party shall have the right to enter the Building for the purpose of directing or remedying any such default and to remain until the default has been corrected or remedied; but any expenditure for correction by the non-defaulting party shall not be deemed to waive or release the default of the defaulting party or the right of the non-defaulting party to take any action as may be otherwise permissible or to seek other remedy under the law.

20. **Non-Waiver.** Waiver by the CITY of any default in performance by WD of any of the terms or conditions contained in this Agreement shall not be deemed a continuing waiver of that default or any subsequent default.

21. **Funding Availability.** The funding of this Agreement is subject to the availability and appropriation of funds by the City Council of Carlsbad, New Mexico. If sufficient funding is not available or not appropriated by the City Council, then this Agreement is terminated and the CITY shall not incur any penalty or further liability.

22. **Termination.** Either party may terminate this Agreement without cause by providing the other party with written notice of its intention to terminate this Agreement at least ninety (90) days prior to the termination date. By such termination, neither party may nullify obligations already incurred prior to the date of termination of the Agreement. However, neither party shall have any obligation to perform services or make payment for such services rendered after such date of termination.

23. **Entirety of Agreement.** This Agreement incorporates all the agreements, covenants, and understandings between the parties hereto concerning the subject matter hereof, and all such covenants, agreements, and understandings have been merged into this written Agreement. No prior

agreement or understanding, verbal or otherwise, of the parties or their agents shall be valid or enforceable unless embodied in this Agreement. The parties expressly waive any other or further representations, warranties, or agreements not set forth in this document.

24. **Independent Contractor.** WD, its officers, employees, and agents are independent contractors performing professional services for the CITY and are not employees of the CITY. WD and its officers, employees, and agents shall not accrue leave, retirement, insurance, bonding, use of city vehicles, or any other benefits afforded to the employees of the City of Carlsbad as a result of this Agreement.

25. **Workers' Compensation.** WD agrees to comply with state laws and rules applicable to workers compensation benefits for its employees. If WD fails to comply with the Workers' Compensation Act and applicable rules when required to do so, this agreement may be terminated by the CITY.

26. **Procurement Code Penalties.** The Procurement Code, NMSA 1978, Sections 13-1-28 through 13-1-199, imposes civil and criminal penalties for its violation. In addition, the New Mexico criminal statutes impose felony penalties for illegal bribes, gratuities, and kickbacks.

May 28, 2020

Mr. John Lowe
City of Carlsbad
101 N Halagueno St.
Carlsbad, NM 88220-4943

Dear Mr. Lowe:

On behalf of Attorney General William P. Barr, it is my pleasure to inform you that the Office of Justice Programs (OJP), U.S. Department of Justice (DOJ), has approved the application by City of Carlsbad for an award under the OJP funding opportunity entitled "BJA FY 20 Coronavirus Emergency Supplemental Funding Program." The approved award amount is $36,914. These funds are for the project entitled BJA FY 20 Coronavirus Emergency Supplemental Funding Program.

The award document, including award conditions, is enclosed. The entire document is to be reviewed carefully before any decision to accept the award. Also, the webpage entitled "Legal Notices: Special circumstances as to particular award conditions" (ojp.gov/funding/Explore/LegalNotices-AwardReqts.htm) is to be consulted prior to an acceptance. Through that "Legal Notices" webpage, OJP sets out -- by funding opportunity -- certain special circumstances that may or will affect the applicability of one or more award requirements. Any such legal notice pertaining to award requirements that is posted through that webpage is incorporated by reference into the award.

Please note that award requirements include not only award conditions, but also compliance with assurances and certifications that relate to conduct during the period of performance for the award. Because these requirements encompass financial, administrative, and programmatic matters, as well as other important matters (e.g., specific restrictions on use of funds), it is vital that all key staff know the award requirements, and receive the award conditions and the assurances and certifications, as well as the application as approved by OJP. (Information on all pertinent award requirements also must be provided to any subrecipient of the award.)

Should City of Carlsbad accept the award and then fail to comply with an award requirement, DOJ will pursue appropriate remedies for non-compliance, which may include termination of the award and/or a requirement to repay award funds.

Please direct questions regarding this award as follows:

- For program questions, contact Gerardo Velazquez, Program Manager at (202) 353-8645; and

- For financial questions, contact the Customer Service Center of OJP's Office of the Chief Financial Officer at (800) 458-0786, or at ask.ocfo@usdoj.gov.

We look forward to working with you.

Sincerely,

Mr. John Lowe
City of Carlsbad

Dear Mr. Lowe:

Congratulations on your recent award. The Office for Civil Rights (OCR), Office of Justice Programs (OJP), U.S. Department of Justice (DOJ) has been delegated the responsibility for ensuring that recipients of federal financial assistance from the OJP, the Office of Community Oriented Policing Services (COPS), and the Office on Violence Against Women (OVW) are not engaged in discrimination prohibited by law. Several federal civil rights laws, such as Title VI of the Civil Rights Act of 1964 and Title IX of the Education Amendments of 1972, require recipients of federal financial assistance to give assurances that they will comply with those laws. In addition to those civil rights laws, many grant program statutes contain nondiscrimination provisions that require compliance with them as a condition of receiving federal financial assistance. For a complete review of these civil rights laws and nondiscrimination requirements, in connection with OJP and other DOJ awards, see https://ojp.gov/funding/Explore/LegalOverview/CivilRightsRequirements.htm

Under the delegation of authority, the OCR investigates allegations of discrimination against recipients from individuals, entities, or groups. In addition, the OCR conducts limited compliance reviews and audits based on regulatory criteria. These reviews and audits permit the OCR to evaluate whether recipients of financial assistance from the Department are providing services in a non-discriminatory manner to their service population or have employment practices that meet equal-opportunity standards.

If you are a recipient of grant awards under the Omnibus Crime Control and Safe Streets Act or the Juvenile Justice and Delinquency Prevention Act and your agency is part of a criminal justice system, there are two additional obligations that may apply in connection with the awards: (1) complying with the regulation relating to Equal Employment Opportunity Programs (EEOPs); and (2) submitting findings of discrimination to OCR. For additional information regarding the EEOP requirement, see 28 CFR Part 42, subpart E, and for additional information regarding requirements when there is an adverse finding, see 28 C.F.R. §§ 42.204(c), .205(c)(5). Please submit information about any adverse finding to the OCR at the above address.

We at the OCR are available to help you and your organization meet the civil rights requirements that are associated with OJP and other DOJ grant funding. If you would like the OCR to assist you in fulfilling your organization's civil rights or nondiscrimination responsibilities as a recipient of federal financial assistance, please do not hesitate to let us know.

Sincerely,

SPECIAL CONDITIONS

1. Requirements of the award; remedies for non-compliance or for materially false statements

   The conditions of this award are material requirements of the award. Compliance with any assurances or certifications submitted by or on behalf of the recipient that relate to conduct during the period of performance also is a material requirement of this award.

   Limited Exceptions. In certain special circumstances, the U.S. Department of Justice ("DOJ") may determine that it will not enforce, or enforce only in part, one or more requirements otherwise applicable to the award. Any such exceptions regarding enforcement, including any such exceptions made during the period of performance, are (or will be during the period of performance) set out through the Office of Justice Programs ("OJP") webpage entitled "Legal Notices: Special circumstances as to particular award conditions" (ojp.gov/funding/Explore/LegalNotices-AwardReqts.htm), and incorporated by reference into the award.

   By signing and accepting this award on behalf of the recipient, the authorized recipient official accepts all material requirements of the award, and specifically adopts, as if personally executed by the authorized recipient official, all assurances or certifications submitted by or on behalf of the recipient that relate to conduct during the period of performance.

   Failure to comply with one or more award requirements -- whether a condition set out in full below, a condition incorporated by reference below, or an assurance or certification related to conduct during the award period -- may result in OJP taking appropriate action with respect to the recipient and the award. Among other things, the OJP may withhold award funds, disallow costs, or suspend or terminate the award. DOJ, including OJP, also may take other legal action as appropriate.

   Any materially false, fictitious, or fraudulent statement to the federal government related to this award (or concealment or omission of a material fact) may be the subject of criminal prosecution (including under 18 U.S.C. 1001 and/or 1621, and/or 34 U.S.C. 10271-10273), and also may lead to imposition of civil penalties and administrative remedies for false claims or otherwise (including under 31 U.S.C. 3729-3730 and 3801-3812).

   Should any provision of a requirement of this award be held to be invalid or unenforceable by its terms, that provision shall first be applied with a limited construction so as to give it the maximum effect permitted by law. Should it be held, instead, that the provision is utterly invalid or -unenforceable, such provision shall be deemed severable from this award.

SPECIAL CONDITIONS

2. Applicability of Part 200 Uniform Requirements

The Uniform Administrative Requirements, Cost Principles, and Audit Requirements in 2 C.F.R. Part 200, as adopted and supplemented by DOJ in 2 C.F.R. Part 2800 (together, the "Part 200 Uniform Requirements") apply to this FY 2020 award from OJP.

The Part 200 Uniform Requirements were first adopted by DOJ on December 26, 2014. If this FY 2020 award supplements funds previously awarded by OJP under the same award number (e.g., funds awarded during or before December 2014), the Part 200 Uniform Requirements apply with respect to all funds under that award number (regardless of the award date, and regardless of whether derived from the initial award or a supplemental award) that are obligated on or after the acceptance date of this FY 2020 award.

For more information and resources on the Part 200 Uniform Requirements as they relate to OJP awards and subawards ("subgrants"), see the OJP website at https://ojp.gov/funding/Part200UniformRequirements.htm.

Record retention and access: Records pertinent to the award that the recipient (and any subrecipient ("subgrantee") at any tier) must retain -- typically for a period of 3 years from the date of submission of the final expenditure report (SF 425), unless a different retention period applies -- and to which the recipient (and any subrecipient ("subgrantee") at any tier) must provide access, include performance measurement information, in addition to the financial records, supporting documents, statistical records, and other pertinent records indicated at 2 C.F.R. 200.333.

In the event that an award-related question arises from documents or other materials prepared or distributed by OJP that may appear to conflict with, or differ in some way from, the provisions of the Part 200 Uniform Requirements, the recipient is to contact OJP promptly for clarification.

3. Compliance with DOJ Grants Financial Guide

References to the DOJ Grants Financial Guide are to the DOJ Grants Financial Guide as posted on the OJP website (currently, the "DOJ Grants Financial Guide" available at https://ojp.gov/financialguide/DOJ/index.htm), including any updated version that may be posted during the period of performance. The recipient agrees to comply with the DOJ Grants Financial Guide.

4. Reclassification of various statutory provisions to a new Title 34 of the United States Code

On September 1, 2017, various statutory provisions previously codified elsewhere in the U.S. Code were editorially reclassified (that is, moved and renumbered) to a new Title 34, entitled "Crime Control and Law Enforcement." The reclassification encompassed a number of statutory provisions pertinent to OJP awards (that is, OJP grants and cooperative agreements), including many provisions previously codified in Title 42 of the U.S. Code.

Effective as of September 1, 2017, any reference in this award document to a statutory provision that has been reclassified to the new Title 34 of the U.S. Code is to be read as a reference to that statutory provision as reclassified to Title 34. This rule of construction specifically includes references set out in award conditions, references set out in material incorporated by reference through award conditions, and references set out in other award requirements.

SPECIAL CONDITIONS

5. Required training for Point of Contact and all Financial Points of Contact

   Both the Point of Contact (POC) and all Financial Points of Contact (FPOCs) for this award must have successfully completed an "OJP financial management and grant administration training" by 120 days after the date of the recipient's acceptance of the award. Successful completion of such a training on or after January 1, 2018, will satisfy this condition.

   In the event that either the POC or an FPOC for this award changes during the period of performance, the new POC or FPOC must have successfully completed an "OJP financial management and grant administration training" by 120 calendar days after -- (1) the date of OJP's approval of the "Change Grantee Contact" GAN (in the case of a new POC), or (2) the date the POC enters information on the new FPOC in GMS (in the case of a new FPOC). Successful completion of such a training on or after January 1, 2018, will satisfy this condition.

   A list of OJP trainings that OJP will consider "OJP financial management and grant administration training" for purposes of this condition is available at https://www.ojp.gov/training/fmts.htm. All trainings that satisfy this condition include a session on grant fraud prevention and detection.

   The recipient should anticipate that OJP will immediately withhold ("freeze") award funds if the recipient fails to comply with this condition. The recipient's failure to comply also may lead OJP to impose additional appropriate conditions on this award.

6. Requirements related to "de minimis" indirect cost rate

   A recipient that is eligible under the Part 200 Uniform Requirements and other applicable law to use the "de minimis" indirect cost rate described in 2 C.F.R. 200.414(f), and that elects to use the "de minimis" indirect cost rate, must advise OJP in writing of both its eligibility and its election, and must comply with all associated requirements in the Part 200 Uniform Requirements. The "de minimis" rate may be applied only to modified total direct costs (MTDC) as defined by the Part 200 Uniform Requirements.

7. Requirement to report potentially duplicative funding

   If the recipient currently has other active awards of federal funds, or if the recipient receives any other award of federal funds during the period of performance for this award, the recipient promptly must determine whether funds from any of those other federal awards have been, are being, or are to be used (in whole or in part) for one or more of the identical cost items for which funds are provided under this award. If so, the recipient must promptly notify the DOJ awarding agency (OJP or OVW, as appropriate) in writing of the potential duplication, and, if so requested by the DOJ awarding agency, must seek a budget-modification or change-of-project-scope grant adjustment notice (GAN) to eliminate any inappropriate duplication of funding.

SPECIAL CONDITIONS

8. Requirements related to System for Award Management and Universal Identifier Requirements

The recipient must comply with applicable requirements regarding the System for Award Management (SAM), currently accessible at https://www.sam.gov/. This includes applicable requirements regarding registration with SAM, as well as maintaining the currency of information in SAM.

The recipient also must comply with applicable restrictions on subawards ("subgrants") to first-tier subrecipients (first-tier "subgrantees"), including restrictions on subawards to entities that do not acquire and provide (to the recipient) the unique entity identifier required for SAM registration.

The details of the recipient's obligations related to SAM and to unique entity identifiers are posted on the OJP web site at https://ojp.gov/funding/Explore/SAM.htm (Award condition: System for Award Management (SAM) and Universal Identifier Requirements), and are incorporated by reference here.

This condition does not apply to an award to an individual who received the award as a natural person (i.e., unrelated to any business or non-profit organization that he or she may own or operate in his or her name).

SPECIAL CONDITIONS

9. Employment eligibility verification for hiring under the award

1. The recipient (and any subrecipient at any tier) must--

A. Ensure that, as part of the hiring process for any position within the United States that is or will be funded (in whole or in part) with award funds, the recipient (or any subrecipient) properly verifies the employment eligibility of the individual who is being hired, consistent with the provisions of 8 U.S.C. 1324a(a)(1) and (2).

B. Notify all persons associated with the recipient (or any subrecipient) who are or will be involved in activities under this award of both--

(1) this award requirement for verification of employment eligibility, and

(2) the associated provisions in 8 U.S.C. 1324a(a)(1) and (2) that, generally speaking, make it unlawful, in the United States, to hire (or recruit for employment) certain aliens.

C. Provide training (to the extent necessary) to those persons required by this condition to be notified of the award requirement for employment eligibility verification and of the associated provisions of 8 U.S.C. 1324a(a)(1) and (2).

D. As part of the recordkeeping for the award (including pursuant to the Part 200 Uniform Requirements), maintain records of all employment eligibility verifications pertinent to compliance with this award condition in accordance with Form I-9 record retention requirements, as well as records of all pertinent notifications and trainings.

2. Monitoring

The recipient's monitoring responsibilities include monitoring of subrecipient compliance with this condition.

3. Allowable costs

To the extent that such costs are not reimbursed under any other federal program, award funds may be obligated for the reasonable, necessary, and allocable costs (if any) of actions designed to ensure compliance with this condition.

4. Rules of construction

A. Staff involved in the hiring process

For purposes of this condition, persons "who are or will be involved in activities under this award" specifically includes (without limitation) any and all recipient (or any subrecipient) officials or other staff who are or will be involved in the hiring process with respect to a position that is or will be funded (in whole or in part) with award funds.

B. Employment eligibility confirmation with E-Verify

For purposes of satisfying the requirement of this condition regarding verification of employment eligibility, the recipient (or any subrecipient) may choose to participate in, and use, E-Verify (www.e-verify.gov), provided an appropriate person authorized to act on behalf of the recipient (or subrecipient) uses E-Verify (and follows the proper E-Verify procedures, including in the event of a "Tentative Nonconfirmation" or a "Final Nonconfirmation") to confirm employment eligibility for each hiring for a position in the United States that is or will be funded (in whole or in part) with award funds.

C. "United States" specifically includes the District of Columbia, Puerto Rico, Guam, the Virgin Islands of the United States, and the Commonwealth of the Northern Mariana Islands.

Questions about E-Verify should be directed to DHS. For more information about E-Verify visit the E-Verify website (https://www.e-verify.gov/) or email E-Verify at E-Verify@dhs.gov. E-Verify employer agents can email E-Verify at E-VerifyEmployerAgent@dhs.gov.

2. Monitoring

The recipient's monitoring responsibilities include monitoring of subrecipient compliance with this condition.

SCOPE. This condition applies to this award if it is indicated -- in the application for the award (as approved by DOJ)(or in the application for any subaward, at any tier), the DOJ funding announcement (solicitation), or an associated federal statute -- that a purpose of some or all of the activities to be carried out under the award (whether by the recipient, or a subrecipient at any tier) is to benefit a set of individuals under 18 years of age.

The recipient, and any subrecipient at any tier, must make determinations of suitability before certain individuals may interact with participating minors. This requirement applies regardless of an individual's employment status.

The details of this requirement are posted on the OJP web site at https://ojp.gov/funding/Explore/Interact-Minors.htm (Award condition: Determination of suitability required, in advance, for certain individuals who may interact with participating minors), and are incorporated by reference here.

16. Compliance with applicable rules regarding approval, planning, and reporting of conferences, meetings, trainings, and other events

The recipient, and any subrecipient ("subgrantee") at any tier, must comply with all applicable laws, regulations, policies, and official DOJ guidance (including specific cost limits, prior approval and reporting requirements, where applicable) governing the use of federal funds for expenses related to conferences (as that term is defined by DOJ), including the provision of food and/or beverages at such conferences, and costs of attendance at such conferences.

Information on the pertinent DOJ definition of conferences and the rules applicable to this award appears in the DOJ Grants Financial Guide (currently, as section 3.10 of "Postaward Requirements" in the "DOJ Grants Financial Guide").

SPECIAL CONDITIONS

24. Restrictions on "lobbying"

In general, as a matter of federal law, federal funds awarded by OJP may not be used by the recipient, or any subrecipient ("subgrantee") at any tier, either directly or indirectly, to support or oppose the enactment, repeal, modification, or adoption of any law, regulation, or policy, at any level of government. See 18 U.S.C. 1913. (There may be exceptions if an applicable federal statute specifically authorizes certain activities that otherwise would be barred by law.)

Another federal law generally prohibits federal funds awarded by OJP from being used by the recipient, or any subrecipient at any tier, to pay any person to influence (or attempt to influence) a federal agency, a Member of Congress, or Congress (or an official or employee of any of them) with respect to the awarding of a federal grant or cooperative agreement, subgrant, contract, subcontract, or loan, or with respect to actions such as renewing, extending, or modifying any such award. See 31 U.S.C. 1352. Certain exceptions to this law apply, including an exception that applies to Indian tribes and tribal organizations.

Should any question arise as to whether a particular use of federal funds by a recipient (or subrecipient) would or might fall within the scope of these prohibitions, the recipient is to contact OJP for guidance, and may not proceed without the express prior written approval of OJP.

25. Compliance with general appropriations-law restrictions on the use of federal funds (FY 2020) The recipient, and any subrecipient ("subgrantee") at any tier, must comply with all applicable restrictions on the use of federal funds set out in federal appropriations statutes. Pertinent restrictions that may be set out in applicable appropriations acts are indicated at https://ojp.gov/funding/Explore/FY20AppropriationsRestrictions.htm, and are incorporated by reference here. Should a question arise as to whether a particular use of federal funds by a recipient (or a subrecipient) would or might fall within the scope of an appropriations-law restriction, the recipient is to contact OJP for guidance, and may not proceed without the express prior written approval of OJP.

26. Reporting potential fraud, waste, and abuse, and similar misconduct

The recipient, and any subrecipients ("subgrantees") at any tier, must promptly refer to the DOJ Office of the Inspector General (OIG) any credible evidence that a principal, employee, agent, subrecipient, contractor, subcontractor, or other person has, in connection with funds under this award-- (1) submitted a claim that violates the False Claims Act; or (2) committed a criminal or civil violation of laws pertaining to fraud, conflict of interest, bribery, gratuity, or similar misconduct.

b. certifies that, if it learns or is notified that it is or has been requiring its employees or contractors to execute agreements or statements that prohibit or otherwise restrict (or purport to prohibit or restrict), reporting of waste, fraud, or abuse as described above, it will immediately stop any further obligations of award funds, will provide prompt written notification to the federal agency making this award, and will resume (or permit resumption of) such obligations only if expressly authorized to do so by that agency.

2. If the recipient does or is authorized under this award to make subawards ("subgrants"), procurement contracts, or both--

a. it represents that--

(1) it has determined that no other entity that the recipient's application proposes may or will receive award funds (whether through a subaward ("subgrant"), procurement contract, or subcontract under a procurement contract) either requires or has required internal confidentiality agreements or statements from employees or contractors that currently prohibit or otherwise currently restrict (or purport to prohibit or restrict) employees or contractors from reporting waste, fraud, or abuse as described above; and

(2) it has made appropriate inquiry, or otherwise has an adequate factual basis, to support this representation; and

b. it certifies that, if it learns or is notified that any subrecipient, contractor, or subcontractor entity that receives funds under this award is or has been requiring its employees or contractors to execute agreements or statements that prohibit or otherwise restrict (or purport to prohibit or restrict), reporting of waste, fraud, or abuse as described above, it will immediately stop any further obligations of award funds to or by that entity, will provide prompt written notification to the federal agency making this award, and will resume (or permit resumption of) such obligations only if expressly authorized to do so by that agency.

30. Requirement to disclose whether recipient is designated "high risk" by a federal grant-making agency outside of DOJ

If the recipient is designated "high risk" by a federal grant-making agency outside of DOJ, currently or at any time during the course of the period of performance under this award, the recipient must disclose that fact and certain related information to OJP by email at OJP.ComplianceReporting@ojp.usdoj.gov. For purposes of this disclosure, high risk includes any status under which a federal awarding agency provides additional oversight due to the recipient's past performance, or other programmatic or financial concerns with the recipient. The recipient's disclosure must include the following: 1. The federal awarding agency that currently designates the recipient high risk, 2. The date the recipient was designated high risk, 3. 31. Signing Authority

This award must be signed by an authorized official of the applicant State, local, or tribal government, on behalf of that applicant State, unit of local government, or Tribe, unless the applicant designates an organizational unit to apply on its behalf. For example, if designated by a unit of local government, a Police Department or Sheriff's Office (or similar agency) may apply on behalf of the applicant jurisdiction, as long as the department, office, or agency is listed as the organizational unit on the SF-424. In that case, the head of the designated organizational unit (such as a Police Chief or Sheriff) may sign the award. Documentation of the designation by the appropriate governing body must be retained by the grant recipient.

32. The "Emergency Appropriations for Coronavirus Health Response and Agency Operations" law (Public Law 116-136) includes definitions, reporting requirements, and certain other provisions that apply (whether in whole or in part) to this award. In addition, consistent with the CESF Program's purposes, which involve preparing for, preventing, and responding to the coronavirus national emergency, OJP will provide notice of any additional CESF program-specific grants administrative requirements on an award page, accessible at https://www.ojp.gov/funding/explore/CESF-program-specific-condition, that is incorporated by reference here.

Further, the recipient agrees to abide by reasonable deadlines set by BJA and OCFO for providing the requested documents. The details of recipient obligations, which derive from the Federal Funding Accountability and Transparency Act of 2006 (FFATA), are posted on the OJP web site at https://ojp.gov/funding/Explore/FFATA.htm (Award condition: Reporting Subawards and Executive Compensation), and are incorporated by reference here.

    This condition, including its reporting requirement, does not apply to-- (1) an award of less than $25,000, or (2) an award made to an individual who received the award as a natural person (i.e., unrelated to any business or non-profit organization that he or she may own or operate in his or her name).

Upon request, the recipient (and any subrecipient at any tier) must assist BJA in complying with the National Environmental Policy Act (NEPA), the National Historic Preservation Act, and other related federal environmental impact analyses requirements in the use of these award funds, either directly by the recipient or by a subrecipient. Accordingly, the recipient agrees to first determine if any of the following activities will be funded by the grant, prior to obligating funds for any of these purposes. If it is determined that any of the following activities will be funded by the award, the recipient agrees to contact BJA. The recipient understands that this condition applies to new activities as set out below, whether or not they are being specifically funded with these award funds. Implementation of a program relating to clandestine methamphetamine laboratory operations, including the identification, seizure, or closure of clandestine methamphetamine laboratories. The recipient understands and agrees that complying with NEPA may require the preparation of an Environmental Assessment and/ or an Environmental Impact Statement, as directed by BJA. The recipient further understands and agrees to the requirements for implementation of a Mitigation Plan, as detailed at https:/ / bja.gov/ Funding/ nepa.html, for programs relating to methamphetamine laboratory operations. If award funds are being drawn down in advance, the recipient (or a subrecipient, with respect to a subaward) is required to establish an interest-bearing account dedicated specifically to this award. Recipients (and subrecipients) must maintain advance payments of federal awards in interest-bearing accounts, unless regulatory exclusions apply (2 C.F.R. 200.305(b)(8)). The award funds, including any interest, may not be used to pay debts or expenses incurred by other activities beyond the scope of the Coronavirus Emergency Supplemental Funding (CESF) program . The recipient also agrees to obligate the award funds in the account(including any interest earned) during the period of performance for the award and expend within 90 days thereafter. Any unobligated or unexpended funds, including interest earned, must be returned to OJP at the time of closeout.

42. Authorization to obligate (federal) award funds to reimburse certain project costs incurred on or after January 20, 2020

The recipient may obligate (federal) award funds only after the recipient makes a valid acceptance of the award. As of the first day of the period of performance for the award (January 20, 2020), however, the recipient may choose to incur project costs using non-federal funds, but any such project costs are incurred at the recipient's risk until, at a minimum-- (1) the recipient makes a valid acceptance of the award, and (2) all applicable withholding conditions are removed by OJP (via a Grant Adjustment Notice). (A withholding condition is a condition in the award document that precludes the recipient from obligating, expending, or drawing down all or a portion of the award funds until the condition is removed.)

Nothing in this condition shall be understood to authorize the recipient (or any subrecipient at any tier) to use award funds to "supplant" State or local funds.

43. Use of funds for DNA testing; upload of DNA profiles

If award funds are used for DNA testing of evidentiary materials, any resulting eligible DNA profiles must be uploaded to the Combined DNA Index System ("CODIS," the DNA database operated by the FBI) by a government DNA laboratory with access to CODIS. No profiles generated under this award may be entered or uploaded into any non-governmental DNA database without prior express written approval from BJA. Award funds may not be used for the purchase of DNA equipment and supplies unless the resulting DNA profiles may be accepted for entry into CODIS.

44. Body armor - compliance with NIJ standards and other requirements

Ballistic-resistant and stab-resistant body armor purchased with award funds may be purchased at any threat level, make or model, from any distributor or manufacturer, as long as the body armor has been tested and found to comply with applicable National Institute of Justice ballistic or stab standards and is listed on the NIJ Compliant Body Armor Model List (https://nij.gov/topics/technology/body-armor/Pages/compliant-ballistic-armor.aspx). In addition, ballistic-resistant and stab-resistant body armor purchased must be made in the United States and must be uniquely fitted, as set forth in 34 U.S.C. 10202(c)(1)(A). The latest NIJ standard information can be found here: https:/ / nij.gov/ topics/ technology/ body-armor/ pages/ safety-initiative.aspx.

45. Missing Attachment: Disclosure of lobbying

The recipient must complete a Disclosure of Lobbying Activities (SF-LLL) form, and submit it to the grant manager for this award. Award closeout will not be possible until OJP has issued a Grant Adjustment Notice to remove this special condition.

Memorandum To: Official Grant File

From: Orbin Terry, NEPA Coordinator

Subject: Categorical Exclusion for City of Carlsbad

The Coronavirus Emergency Supplemental Funding (CESF) Program allows eligible states, local units of government, and tribes to support a broad range of activities including preventing, preparing for, and responding to the coronavirus.

All recipients of CESF funding must assist BJA in complying with NEPA and other related federal environmental impact analyses requirements in the use of grant funds, whether the funds are used directly by the grantee or by a sub-grantee or third party.

BJA's expectation is that none of the following activities will be conducted whether under this federal award or a related third party action:
(1) New construction
(2) Any renovation or remodeling of a property located in an environmentally or historically sensitive area, including property (a) listed on or eligible for listing on the National Register of Historic Places, or (b) located within a 100-year flood plain, a wetland, or habitat for an endangered species
(3) A renovation that will change the basic prior use of a facility or significantly change its size
(4) Research and technology whose anticipated and future application could be expected to have an effect on the environment
(5) Implementation of a program involving the use of chemicals (including the identification, seizure, or closure of clandestine methamphetamine laboratories) other than chemicals that are (a) purchased as an incidental component of a funded activity and (b) traditionally used, for example, in office, household, recreational, or education environments.

Consequently, the subject federal action meets the Office of Justice Programs' criteria for a categorical exclusion as contained in paragraph 4(b) of Appendix D to Part 61 of Title 28 of the Code of Federal Regulations.

If, however, award funds are proposed to be used for any of the enumerated projects or activities above, grant recipients must contact their grant manager, and receive written approval prior to commencing that project or activity.

Questions about this determination may be directed to your grant manager or Orbin Terry, Environmental Coordinator for BJA.

AGENDA BRIEFING MEMORANDUM

Set the Date:
Council Meeting Date: 6/9/2020

DEPARTMENT: Legal	**BY:** D. Boyea	**DATE**: 06/02/2020

SUBJECT: Proposed Repeal and Replacement of Lodgers' Tax Ordinance

BACKGROUND, ANALYSIS AND IMPACT: (Safety and Welfare/Financial/Personnel/Infrastructure/etc.)
The State of New Mexico enacted state statutes that authorized the imposition of occupancy taxes on lodgings within municipalities and counties. The New Mexico Lodgers' Tax Act was amended by the 2020 Legislature to clarify some items in the definitions section and make changes to the exemptions from and uses of the Lodgers' Tax. Specifically:

1. NMSA Sec. 3-38-14G - Redefines "taxable premises" to be hotel, motel or other premises for lodging that is not the vendee's household or primary residence". This maintains and expands the type of premises subject to the tax.
2. NMSA Sec. 3-38-14H - Adds a definition of "temporary lodging" to mean lodgings for the purpose of housing a vendee within proximity of the vendee's employment or job location.
3. NMSA Sec. 3-38-16A - Eliminated the tax exemption for any premises that are temporary lodgings;
4. NMSA Sec. 3-38-21B - Allows proceeds from the tax collected based on the 31st and subsequent days to be used for any municipality purpose provided the use is stated in the Ordinance imposing the tax;
5. NMSA Sec. 3-38-25 - Added a section to maintain revenue dedicated for the same amount until the dedication expires or the debt is discharged for bonds; and
6. The very last section added an effective date of July 1, 2020.

In addition to the above changes in state statutes, the City proposes to add language stating it must approve in its budget the uses for the taxes collected from proceeds collected on premises rented on day 31 and subsequently.
The City now proposes to adopt the changes made by the State of New Mexico in 2020 plus add a provision that use of the taxes be included in the budget. A new City Ordinance was therefore drafted that repeals and replaces the prior Ordinance based on the changes to the state Lodgers Tax Act.
The proposed changes to the Lodgers' Tax Ordinance is estimated to result in additional taxes collected for tourism activities and other municipality purposes that are approved in the budget.

DEPARTMENT RECOMMENDATION: Adopt proposed repeal and replacement of Lodgers' Tax Ordinance. The Executive Committee has reviewed a draft of the Ordinance.

(2) the tourist-related facilities and attractions or tourist-related transportation systems to which the bonds pertain, after provision is made for the payment of the operation and maintenance expenses of the tourist-related facilities and attractions or tourist-related transportation systems; or

(3) a combination of such net revenues from both sources designated in Paragraphs (1) and (2) of this subsection.

Any municipal revenue bonds issued as authorized in the Lodgers' Tax Ordinance [Sec. 48-76 through 48-100 NMSA 1978] may issue refunding revenue bonds payable from pledged revenues therein authorized for the payment of revenue bonds at the time of the refunding or at the time of the issuance of the bonds being refunded as the governing body of the municipality may determine, notwithstanding the revenue sources or the pledge of such revenues or both are thereby modified.

B. Refunding bonds may be issued for the purpose of refinancing, paying and discharging all or any part of such outstanding bonds of any one or more or all outstanding issues:

(1) for the acceleration, deceleration or other modification of the payment of such obligations, including without limitation any capitalization of any interest thereon in arrears or about to become due for any period not exceeding one year from the date of the refunding bonds;

(2) for the purpose of reducing interest costs or effecting other economies;

(3) for the purpose of modifying or eliminating restrictive contractual limitations pertaining to the issuance of additional bonds, otherwise concerning the outstanding bonds, or to any facilities relating thereto; or

(4) for any combination of the foregoing purposes.

C. The interest on any bond refunded shall not be increased to any rate in excess of the rate authorized in the Public Securities Act [Sec. 6-14-1 through 6-14-3 NMSA 1978] and shall be paid as authorized in that act.

D. Bonds for refunding any bonds for any other purpose permitted by the Lodgers' Tax Ordinance may be issued separately or issued in combination in one series or more.

b. Consider item for recommendation

Mr. Patterson explains the request, noting that the Planning Staff recommends approval with conditions requiring engineered drawings stamped by a NM licensed engineer, showing compliance with the Building Code and all FCC and FAA regulations; and that the Zone Change request be approved prior to installation of the tower. **Mr. Henderson** states they have submitted the sealed construction plans. The tower would need to be 115' tall. Floor opened for public comment. There was none. **Mr. Knott** notes that other City Departments recommended denial of this request**. Mr. Patterson** the request was changed to include the entirety of the property to be zoned C-2, and the coverage area would be expanded.

Mr. McCormick made a motion to approve a Conditional Use Permit to allow a Communications Tower at 208 W. San Jose Blvd.; **Mr. Garcia** seconded the motion. b. Consider approval of request

Mr. Patterson explains this request, as it goes with the previous item; the communications tower would exceed the maximum 50' height required by the Carlsbad Zoning Ordinance. The tower would exceed 100' and a Variance would be required. The Planning Staff recommends approval of this request with conditions requiring engineered drawings stamped by a NM licensed engineer, showing compliance with the Building Code and all FCC and FAA regulations; and provide a report from a NM licensed engineer verifying the need for the increase in height of the tower. **Mr. Henderson** states he feels they met the intent of the Ordinance; and the tower would be placed 126' from all property lines. The vote was as follows: **Yes-- Mr. Garcia, Mr. Barney, Mr. Knott, Mr. McCormick.** No–None; Abstained–None; Absent- **Mr. Nesser**. The motion carried.

DRAFT

0:29:48 **7. Consider a recommendation to Council for a Zone Change request from "R-R" Rural Residential District to "I" Industrial District for approximately 82.45 acres located at 1400 San Jose Blvd and extending southwest into Dark Canyon drainage, comprised of four (4) lots total**

b. Consider approval of request

Mr. Patterson explains this request, noting that the applicant is already operating a trucking business at the address. This would create a spot zone; although it would conform to the industrial usage taking place. The Planning staff recommends denial based on the property is in a major drainage area. The applicant, **Melissa Acosta** joins by virtual meeting. She explains she has no use for the canyon and will not develop in there. She states her property and the nearby cemetery have never flooded since she has been here. She asks that the 14 acres on which she currently operates a trucking business be considered for the Industrial Zoning, thereby amending her request. **Eileen Riordan**, City Attorney, tells the commission the Zone Change request for the 14 acres, currently being used as a trucking yard with a Conditional Use Permit, indicates the applicant is considering a use for the property beyond the current Conditional Use. She notes there is historical documentation of flooding in that area, including the cemetery. **Mr. Patterson** explains he is the Flood Plain Manager for the City of Carlsbad, and FEMA would not allow any use that would obstruct water flow without adequate engineering. **David Granger** comes to the podium. He is against the Zone Change, noting the surrounding areas do flood, the most serious recent flood in 2004. His family home nearby has been occupied for 70 years, and when it flooded in the 1940s, they moved the home on logs about 30'. **Lisa Ann Anya-Flores** comes to the podium. She lives in the neighborhood in an older home, which is the replacement for the home that had been displaced by the flood in the 1940s. She is concerned about the aesthetics. She believes the Industrial Zoning would have a negative impact on the neighborhood. **Heather Scott** joins via virtual meeting; she is an attorney for the Avalon of Carlsbad Apartments at 1907 San Jose Blvd. It is her position that the Zone Change should be denied, sharing concerns of others regarding the development of vacant land behind the existing businesses; further the property should remain Rural Residential to prevent disturbance to the apartment complex. Floor opened for further public comment. There was none. **Ms. Acosta** explains she has cleaned the property and will continue to keep it in good condition. **Mr. Knott** asks the applicant what she would do with the Industrial Zoning. **Ms. Acosta** states she would like to develop the back part into an RV park and possibly place a towing business in the corner of the property. **Mr. Knott** confirms the request is now for 14 acres to be zoned Industrial. There is no more public comment.

Mr. Garcia made a motion to deny the modified request for Zone Change from "R-R" Rural Residential to "I" Industrial for the parcel containing approximately 14.08 acres located at 1400 San Jose Blvd.; **Mr. McCormick** seconded the motion. The vote was as follows: **Yes-- Mr. Garcia, Mr. Barney, Mr. Knott Mr. McCormick;** No–None; Abstained–None; Absent**- Mr. Nesser**. The motion was denied.

ZONING CHANGE APPLICATION

Sec. 56-150(b)

PROCESS FOR ACCEPTANCE AND REVIEW OF PLANNING AND ZONING COMMISSION MATTERS

1. The Planning and Zoning Commission's regularly scheduled meetings are on the FIRST MONDAY OF THE MONTH. Applicant should obtain an Application Packet for the particular type of request (Zone Change, Subdivision, Variance, Annexation, Conditional Use, etc.) from the City of Carlsbad, Planning, Engineering, and Regulation Office.

2. **Applicant must submit a completed Application to the Planning, Engineering, and Regulation Office on, or before, the FIRST FRIDAY OF THE MONTH prior to the desired Commission meeting**. The minimum application packet submittal is one (1) copy of the Application with original signatures and all required supporting documents. A letter of explanation or clarification may also be provided. The required non-refundable application fee is due with submittal of the application.

   The desired maximum size for all documents is 11"x17". **However, if the applicant wishes to support his or her application with larger size documents, an original and eight (8) copies need to be provided.** Separate arrangements for copying these large documents may be possible, but will incur additional costs.

3. The Planning, Engineering, and Regulation Office will give the Application an initial cursory review. If deficiencies or questions are noted, the Applicant will be advised and provided an opportunity to supplement the Application. If the Applicant fails to complete and resubmit the application prior to the above deadline, the matter will not be heard until the next subsequent Commission meeting. The original application fee will be retained and will suffice for the specific original application for a period of 90-days from the date of the original application.

4. Applications appearing complete will be set for full evaluation by City Staff prior to the Commission meeting. The purpose of this evaluation is to develop and provide a full briefing report for the Commission. Applicants will be advised of deficiencies noted during this review and will be afforded opportunity to supplement their application during their presentation to the Commission, if they so desire.

ADDITIONAL PROCEDURAL REQUIREMENTS FOR ZONING CHANGES:

1) **PRESENCE AT MEETING:** The Planning and Zoning Commission will vote to recommend to the City Council approval or denial of request. Applicant or his/her representative must be present to address any questions that Planning and Zoning Commissioners may have.

2) **CITY COUNCIL SETS A HEARING DATE:** After the Planning and Zoning Commission has made a recommendation on the request, the City Council (at their next regular meeting) will set a date for a public hearing. The date will be set for a regularly scheduled City Council meeting a minimum of 30 days from that date. A "notice of public hearing" is published in the Current Argus at least 30 days prior to the hearing.

3) **NOTIFICATION:** The applicant shall mail notice of the Planning and Zoning Commission meeting, via certified mail, to all property owners within one-hundred feet (100') of the subject site. Evidence of such notification shall be provided with the application. In addition, the applicant shall post a sign, provided by the City, at the property at least 5 days prior to the public hearing. At least fifteen (15) days prior to the City Council hearing, the City will notify adjacent property owners within 100' of the subject property via first-class mail for properties greater than one (1) block in size, or via certified mail for properties one (1) block or less in size. The notification will include a description of the request, applicant's information, legal description of subject property, and the date of the hearing.

4) **PUBLIC HEARING:** The Public Hearing will be held during a regularly scheduled City Council meeting, and the applicant or his/her representative **MUST BE PRESENT** to address any questions that the Mayor or Council members may have.

5) **ZONING CHANGE IS FINAL:** If the City Council approves the zone change, the ordinance is published in the Current Argus. The change is considered final five (5) days after publication.

b. Consider item for recommendation

Mr. Patterson explains the request, noting that the Planning Staff recommends approval with conditions requiring engineered drawings stamped by a NM licensed engineer, showing compliance with the Building Code and all FCC and FAA regulations; and that the Zone Change request be approved prior to installation of the tower. **Mr. Henderson** states they have submitted the sealed construction plans. The tower would need to be 115' tall. Floor opened for public comment. There was none. **Mr. Knott** notes that other City Departments recommended denial of this request**. Mr. Patterson** the request was changed to include the entirety of the property to be zoned C-2, and the coverage area would be expanded.

Mr. McCormick made a motion to approve a Conditional Use Permit to allow a Communications Tower at 208 W. San Jose Blvd.; **Mr. Garcia** seconded the motion. b. Consider approval of request

Mr. Patterson explains this request, as it goes with the previous item; the communications tower would exceed the maximum 50' height required by the Carlsbad Zoning Ordinance. The tower would exceed 100' and a Variance would be required. The Planning Staff recommends approval of this request with conditions requiring engineered drawings stamped by a NM licensed engineer, showing compliance with the Building Code and all FCC and FAA regulations; and provide a report from a NM licensed engineer verifying the need for the increase in height of the tower. **Mr. Henderson** states he feels they met the intent of the Ordinance; and the tower would be placed 126' from all property lines. The height increase they are requesting would improve coverage greatly. Floor opened for public comment. There was none.

The vote was as follows: **Yes-- Mr. Garcia, Mr. Barney, Mr. Knott, Mr. McCormick.** No–None; Abstained–None; Absent- **Mr. Nesser**. The motion carried.

DRAFT

0:29:48 **7. Consider a recommendation to Council for a Zone Change request from "R-R" Rural Residential District to "I" Industrial District for approximately 82.45 acres located at 1400 San Jose Blvd and extending southwest into Dark Canyon drainage, comprised of four (4) lots total**

a. Remove from table

Mr. Garcia made a motion to remove from table; **Mr. McCormick** seconded the motion. The vote was as follows **Yes-- Mr. Garcia, Mr. Barney, Mr. Knott, Mr. McCormick;** No–None; Abstained–None; Absent**- Mr. Nesser.** The motion carried.

b. Consider approval of request

Mr. Patterson explains this request, noting that the applicant is already operating a trucking business at the address. This would create a spot zone; although it would conform to the industrial usage taking place. The Planning staff recommends denial based on the property is in a major drainage area. The applicant, **Melissa Acosta** joins by virtual meeting. She explains she has no use for the canyon and will not develop in there. She states her property and the nearby cemetery have never flooded since she has been here. She asks that the 14 acres on which she currently operates a trucking business be considered for the Industrial Zoning, thereby amending her request. **Eileen Riordan**, City Attorney, tells the commission the Zone Change request for the 14 acres, currently being used as a trucking yard with a Conditional Use Permit, indicates the applicant is considering a use for the property beyond the current Conditional Use. She notes there is historical documentation of flooding in that area, including the cemetery. **Mr. Patterson** explains he is the Flood Plain Manager for the City of Carlsbad, and FEMA would not allow any use that would obstruct water flow without adequate engineering. **David Granger** comes to the podium. He is against the Zone Change, noting the surrounding areas do flood, the most serious recent flood in 2004. His family home nearby has been occupied for 70 years, and when it flooded in the 1940s, they moved the home on logs about 30'. **Lisa Ann Anya-Flores** comes to the podium. She lives in the neighborhood in an older home, which is the replacement for the home that had been displaced by the flood in the 1940s. She is concerned about the aesthetics. She believes the Industrial Zoning would have a negative impact on the neighborhood. **Heather Scott** joins via virtual meeting; she is an attorney for the Avalon of Carlsbad Apartments at 1907 San Jose Blvd. It is her position that the Zone Change should be denied, sharing concerns of others regarding the development of vacant land behind the existing businesses; further the property should remain Rural Residential to prevent disturbance to the apartment complex. Floor opened for further public comment. There was none. **Ms. Acosta** explains she has cleaned the property and will continue to keep it in good condition. **Mr. Knott** asks the applicant what she would do with the Industrial Zoning. **Ms. Acosta** states she would like to develop the back part into an RV park and possibly place a towing business in the corner of the property. **Mr. Knott** confirms the request is now for 14 acres to be zoned Industrial. There is no more public comment.

Mr. Garcia made a motion to deny the modified request for Zone Change from "R-R" Rural Residential to "I" Industrial for the parcel containing approximately 14.08 acres located at 1400 San Jose Blvd.; **Mr. McCormick** seconded the motion. The vote was as follows: **Yes-- Mr. Garcia, Mr. Barney, Mr. Knott Mr. McCormick;** No–None; Abstained–None; Absent**- Mr. Nesser**. The motion was denied.

Mr. Patterson states this item will come before the June 9, 2020 regular meeting of the City Council.

b. Consider approval of request

Mr. Patterson explains this request. The Planning Dept. recommends approval. The applicant**, Dave Morgan**, comes to the podium. He states the property has a small apartment complex on Lots 10 & 12. RE: Zoning from C-2 and R-1 to C-2 with CUP and Height Variance for 120 ft Monopole Telecom Tower (AT&T Site WTL03114, 208 West San Jose Blvd)

Dear Members of the City Council and Planning and Zoning Commission:

AT&T Mobility, represented by Crafton Communications, is pleased to submit this SUP Application for a 120 Ft. Monopole Tower with a 50 FT by 50 FT fenced equipment compound at 208 West San Jose Blvd. The proposed site is in the rear of Great Western Inn and Suites at 3804 National Park Highway in Holiday Addition. The currently vacant property is mostly R-1 residential with a small portion of C-2 commercial. The Applicant wished to rezone the 50 ft x 50 ft telecommunications compound to C-2, since monopole towers are allowed in the C-2 district with a Conditional Use Permit (CUP).

The service area for this tower is generally a one-mile section of the US 62 (National Park Highway) commercial corridor from Carlgo Street to Canal Street and the adjacent residential neighborhoods. There is limited capacity in this service area, at a time when AT&T must provide for increases in regular daily customer use, as well as new demands for data transmission and a significant increase in emergency 911 service. This proposal is aimed at addressing the concern for better wireless coverage before there is a serious problem. This site does a very good job of improving coverage within the entire area.

The AT&T search for a site was thorough. There are no existing structures in the service area of sufficient height or structural strength to hold the AT&T antennas. Because of the cost and time involved in building a new structure, collocating on an existing structure is an option that is much preferred whenever possible. In that regard, other telecom carriers will be encouraged to collocate on the AT&T structure, which will be made available for leasing at market rates established by master lease agreements within the industry.

AT&T is proud to be of service to the people who call Carlsbad home. This un-manned site will work hard to serve the community without placing any service demand on drainage, water, sewer, schools, parks or roads. We look forward to visiting with you regarding this project.

Thank you for your thoughtful consideration.

Meeting Date: 6/9/2020

DEPARTMENT: Planning, Engineering & Regulation	**BY:** Jeff Patterson, Planning Director	**DATE:** 6/1/2020

SUBJECT: Request for a Zone Change from "R-R" Rural Residential District to "I" Industrial District for approximately 14.08 acres, located at 1400 San Jose Blvd., legally described as indicated on the attached property maps, pursuant to Section 3-21-1 et. Seq. NMSA 1978 and Sections 56-150(b) and 56-140(i), Carlsbad Code of Ordinances. The initial request for this zone change was for approximately 81.84 acres and three additional property parcels. The applicant amended her request at the May 4, 2020, Planning and Zoning commission meeting to a zone change for just the single parcel attached as Exhibit A, approximately 14.08 acres.

Applicant/Owner:
Melissa Acosta
4317 S. Tidwell Rd.
Carlsbad, NM 88220

The applicant provided the required notification to property owners within 100' and agreed to post the required sign 5-days prior to the public hearing as required by Sec. 56-140(i). The City will notify the property owners' 15-days prior to the City Council hearing and publish notification in the newspaper 30-days prior to said hearing.

SYNOPSIS, HISTORY AND IMPACT (SAFETY AND WELFARE/FINANCIAL/PERSONNEL/INFRASTRUCTURE/ETC.):
Request for a Zone Change from "R-R" Rural Residential District to "I" Industrial District for approximately 14.08 acres, located at 1400 San Jose Blvd., legally described as indicated on the attached property map.

Sec. 56-40(e) states:

(e) Industrial (I) District.

The Industrial District is intended to accommodate heavy and/or concentrated fabrication, production, research, manufacturing, and industrial uses.

The properties to the south are zoned "R-R" Rural Residential District and "R-2" Residential 2 District, the properties to the north are zoned "R-2" Residential 2 District, the properties to the east are zoned "C-2" Commercial 2 District, and the properties to the west are currently zoned "R-1" Residential 1 District. This zone change would create a spot zone, however it will conform to the industrial usage taking place on the only developed property in question, listed as "Exhibit A" on the attached property plat (trucking business).

Comprehensive Plan: Strategy 2040 goals and policies that are applicable to this request are:

Chapter 5: Land Use

Objectives:

- *To identify areas of opportunity for infill and redevelopment.*
- *To achieve a more balance land use mix and increase the supply of commercial properties.*
- *To encourage redevelopment of vacant or underutilized properties for residential, commercial, or mixed-use development.*

Chapter 6: Economic Development

Objectives:

- *To maximize business retention and recruitment efforts of the City.*
- *To support locally-owned, small business development and retention.*

According to Zoning Ordinance **Sec. 56-150(b)(4). Amendments**, Findings Required, a statement of fact regarding each of the following findings is required:

(a) The proposed amendment will or will not adversely impact the public health, safety or general welfare and will or will not promote the original purposes of the Zoning Ordinance; and

(b) The proposed amendment responds or does not respond to changed conditions, such as changes in public capital investments, road locations or functional classification, population trends, density, use or further studies that have been completed since adoption of the Zoning Ordinance; and

(c) The proposed amendment is or is not necessary in order to respond to State and/or Federal legislation; and

(d) The proposed amendment provides or does not provide additional flexibility in meeting the objectives of this Zoning Ordinance without lowering the standards of the Zoning Ordinance; and

(e) The proposed amendment is or is not in substantial compliance with the City's Comprehensive Plan or other City Master Plan; and

(f) The proposed amendment will or will not adversely affect the implementation of the goals and policies of the City's Comprehensive Plan or other City Master Plan; and

(g) The proposed amendment is justified in order to correct a mistake in the Official Zoning Map or the text of the Zoning Ordinance; and

(h) The proposed amendment is justified in order to respond to changes in the City's Comprehensive Plan or other City Master Plan including, but not limited to, changes in land use assumptions, surrounding uses, population forecasts, rates of land consumption, anticipated community needs or other factors.

PLANNING AND ZONING COMMISSION RECOMMENDATION: Based on review of the application and staff comments, at their meeting on May 4, 2020, the Planning and Zoning Commission considered this item with the amendment that the only property to be considered for a zoning change would be the approximately 14.08 acre property (UPC# 4-157-128-256-316, Exhibit A) located at 1400 San Jose Blvd. The Commission recommended denial with a vote of four (4) in favor of denial, none (0) against, one (1) absent and none (0) abstain.

Mr. Patterson explains the request, noting that the Planning Staff recommends approval with conditions requiring engineered drawings stamped by a NM licensed engineer, showing compliance with the Building Code and all FCC and FAA regulations; and that the Zone Change request be approved prior to installation of the tower. **Mr. Henderson** states they have submitted the sealed construction plans. The tower would need to be 115' tall. Floor opened for public comment. There was none. **Mr. Knott** notes that other City Departments recommended denial of this request**. b. Consider approval of request

Mr. Patterson explains this request, as it goes with the previous item; the communications tower would exceed the maximum 50' height required by the Carlsbad Zoning Ordinance. The tower would exceed 100' and a Variance would be required. The Planning Staff recommends approval of this request with conditions requiring engineered drawings stamped by a NM licensed engineer, showing compliance with the Building Code and all FCC and FAA regulations; and provide a report from a NM licensed engineer verifying the need for the increase in height of the tower. **Mr. Henderson** states he feels they met the intent of the Ordinance; and the tower would be placed 126' from all property lines. 0:29:48 **7. Consider a recommendation to Council for a Zone Change request from "R-R" Rural Residential District to "I" Industrial District for approximately 82.45 acres located at 1400 San Jose Blvd and extending southwest into Dark Canyon drainage, comprised of four (4) lots total**

a. Remove from table

b. Consider approval of request

Mr. Patterson explains this request, noting that the applicant is already operating a trucking business at the address. This would create a spot zone; although it would conform to the industrial usage taking place. The Planning staff recommends denial based on the property is in a major drainage area. The applicant, **Melissa Acosta** joins by virtual meeting. She explains she has no use for the canyon and will not develop in there. She states her property and the nearby cemetery have never flooded since she has been here. She asks that the 14 acres on which she currently operates a trucking business be considered for the Industrial Zoning, thereby amending her request. **Eileen Riordan**, City Attorney, tells the commission the Zone Change request for the 14 acres, currently being used as a trucking yard with a Conditional Use Permit, indicates the applicant is considering a use for the property beyond the current Conditional Use. She notes there is historical documentation of flooding in that area, including the cemetery. **Mr. Patterson** explains he is the Flood Plain Manager for the City of Carlsbad, and FEMA would not allow any use that would obstruct water flow without adequate engineering. **David Granger** comes to the podium. He is against the Zone Change, noting the surrounding areas do flood, the most serious recent flood in 2004. His family home nearby has been occupied for 70 years, and when it flooded in the 1940s, they moved the home on logs about 30'. **Lisa Ann Anya-Flores** comes to the podium. She lives in the neighborhood in an older home, which is the replacement for the home that had been displaced by the flood in the 1940s. She is concerned about the aesthetics. She believes the Industrial Zoning would have a negative impact on the neighborhood. **Heather Scott** joins via virtual meeting; she is an attorney for the Avalon of Carlsbad Apartments at 1907 San Jose Blvd. It is her position that the Zone Change should be denied, sharing concerns of others regarding the development of vacant land behind the existing businesses; further the property should remain Rural Residential to prevent disturbance to the apartment complex. Floor opened for further public comment. There was none. **Ms. Acosta** explains she has cleaned the property and will continue to keep it in good condition. **Mr. Knott** asks the applicant what she would do with the Industrial Zoning. **Ms. Acosta** states she would like to develop the back part into an RV park and possibly place a towing business in the corner of the property. **Mr. Knott** confirms the request is now for 14 acres to be zoned Industrial. There is no more public comment.

Mr. Garcia made a motion to deny the modified request for Zone Change from "R-R" Rural Residential to "I" Industrial for the parcel containing approximately 14.08 acres located at 1400 San Jose Blvd.; **Mr. McCormick** seconded the motion. The vote was as follows: **Yes-- Mr. Garcia, Mr. Barney, Mr. Knott Mr. McCormick;** No–None; Abstained–None; Absent**- Mr. Nesser**. The motion was denied.

ZONING CHANGE APPLICATION

Sec. 56-150(b)

PROCESS FOR ACCEPTANCE AND REVIEW
OF PLANNING AND ZONING COMMISSION MATTERS

1. The Planning and Zoning Commission's regularly scheduled meetings are on the FIRST MONDAY OF THE MONTH. Applicant should obtain an Application Packet for the particular type of request (Zone Change, Subdivision, Variance, Annexation, Conditional Use, etc.) from the City of Carlsbad, Planning, Engineering, and Regulation Office.

2. **Applicant must submit a completed Application to the Planning, Engineering, and Regulation Office on, or before, the FIRST FRIDAY OF THE MONTH prior to the desired Commission meeting**. The minimum application packet submittal is one (1) copy of the Application with original signatures and all required supporting documents. A letter of explanation or clarification may also be provided. The required non-refundable application fee is due with submittal of the application.

   The desired maximum size for all documents is 11"x17". **However, if the applicant wishes to support his or her application with larger size documents, an original and eight (8) copies need to be provided.** Separate arrangements for copying these large documents may be possible, but will incur additional costs.

3. The Planning, Engineering, and Regulation Office will give the Application an initial cursory review. If deficiencies or questions are noted, the Applicant will be advised and provided an opportunity to supplement the Application. If the Applicant fails to complete and resubmit the application prior to the above deadline, the matter will not be heard until the next subsequent Commission meeting. The original application fee will be retained and will suffice for the specific original application for a period of 90-days from the date of the original application.

4. Applications appearing complete will be set for full evaluation by City Staff prior to the Commission meeting. The purpose of this evaluation is to develop and provide a full briefing report for the Commission. Applicants will be advised of deficiencies noted during this review and will be afforded opportunity to supplement their application during their presentation to the Commission, if they so desire.

ADDITIONAL PROCEDURAL REQUIREMENTS FOR ZONING CHANGES:

1) **PRESENCE AT MEETING:** The Planning and Zoning Commission will vote to recommend to the City Council approval or denial of request. Applicant or his/her representative must be present to address any questions that Planning and Zoning Commissioners may have.

2) **CITY COUNCIL SETS A HEARING DATE:** After the Planning and Zoning Commission has made a recommendation on the request, the City Council (at their next regular meeting) will set a date for a public hearing. The date will be set for a regularly scheduled City Council meeting a minimum of 30 days from that date. A "notice of public hearing" is published in the Current Argus at least 30 days prior to the hearing.

3) **NOTIFICATION:** The applicant shall mail notice of the Planning and Zoning Commission meeting, via certified mail, to all property owners within one-hundred feet (100') of the subject site. Evidence of such notification shall be provided with the application. In addition, the applicant shall post a sign, provided by the City, at the property at least 5 days prior to the public hearing. At least fifteen (15) days prior to the City Council hearing, the City will notify adjacent property owners within 100' of the subject property via first-class mail for properties greater than one (1) block in size, or via certified mail for properties one (1) block or less in size. The notification will include a description of the request, applicant's information, legal description of subject property, and the date of the hearing.

4) **PUBLIC HEARING:** The Public Hearing will be held during a regularly scheduled City Council meeting, and the applicant or his/her representative **MUST BE PRESENT** to address any questions that the Mayor or Council members may have.

5) **ZONING CHANGE IS FINAL:** If the City Council approves the zone change, the ordinance is published in the Current Argus. The change is considered final five (5) days after publication.
