INDEPENDENT AUDITOR’S REPORT

Tim Keller
New Mexico State Auditor
To the Mayor and City Council
The City of Carlsbad
Carlsbad, New Mexico

Report on Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, the aggregate remaining fund information, and the budgetary comparison for the general fund of the City of Carlsbad (the City), as of and for the year ended June 30, 2016, and the related notes to the financial statements which collectively comprise the City’s basic financial statements as listed in the table of contents. We also have audited the financial statements of each of the City’s nonmajor governmental, internal service funds, fiduciary funds, and the budgetary comparisons for the major capital project fund, major proprietary funds, and all nonmajor funds presented as supplementary information, as defined by the Government Accounting Standards Board, in the accompanying combining and individual fund financial statements as of and for the year ended June 30, 2016, as listed in the table of contents.

Management’s Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

Auditor’s Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity’s preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control. Accordingly, we express no such opinion.

An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City, as of June 30, 2016, and the respective changes in financial position and where applicable, cash flows thereof and the respective budgetary comparison for the general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America. In addition, in our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of each nonmajor governmental, internal service, and fiduciary fund of the City as of June 30, 2016, and the respective changes in financial position and cash flows, where applicable, thereof and the respective budgetary comparisons for the major capital project fund, major proprietary funds, and all nonmajor funds for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 10 to the financial statements, the 2016 financial statements have been restated due to misstatements. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Management has omitted the management, discussion, and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial. Statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Accounting principles generally accepted in the United States of America require that the Schedules related to PERA and Net Pension Liabilities, listed as “*Required Supplemental Information*” in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management’s responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the City’s financial statements, the combining and individual fund financial statements, the schedule of changes in assets and liabilities - agency funds, and the budgetary comparisons. The Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* and the other schedules listed as “other supplementary information” in the table of contents, required by 2.2.2 NMAC are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Schedule of Expenditures of Federal Awards and other schedules listed as “other supplementary information (audited)” in the table of contents, required by 2.2.2 NMAC, are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the additional schedules and the Schedule of Expenditures of Federal Awards are fairly stated, in all material respects in relation to the basic financial statements as a whole.

The other schedules listed as “other supplementary information (unaudited)” in the table of contents, have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 14, 2016 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

The accompanying notes are an integral part of these financial statements

STATE OF NEW MEXICO
CITY OF CARLSBAD
Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances
of Governmental Funds to the Statement of Activities
For the Year Ended June 30, 2016

Net change in fund balances - total governmental funds: \$ (6,941,077)

Amounts reported for Governmental Activities in the Statement of Activities are different because:

Governmental funds report outlays for capital assets as expenditures because such outlays use current financial resources. In contrast, the Statement of Activities reports only a portion of the outlay as expense. The outlay is allocated over the assets' estimated useful lives as depreciation expense for the period. 15,042,592

Governmental funds report revenues not collected within 60 days as deferred revenues until subsequently collected. These transactions are recorded as revenues when earned in the statement of activities

Property taxes	(10,811)
Charges for services	196,430
Grant revenues	190,000

Within the statement of activities, the basis of capital assets disposed of are netted with the gross proceeds to report a gain or loss. The disposal of capital assets are not considered use of financial resources and, therefore, are not reported as expenditures in the governmental funds. (72,728)

The issuance of long-term debt (notes, bonds, leases) provides current resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas amounts are deferred and amortized in the statement of activities:

Note proceeds received	(5,710,429)
Bond and note obligation principal payments	1,066,177
Net effects of bond premiums, discounts, and deferred amounts on refunding	(2,936)

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds:

Change in compensated absences	(190,023)
Change in accrued interest payable	(15,193)
Pension expense	(927,632)

During the current year the City recorded amortization expense in respect to the bond insurance premium. The expense is reflected within the statement of activities however, the expense does not use a current financial resource. (1,391)

Internal service funds are used by management to charge the costs of certain activities, such as fleet maintenance and information technology, to individual funds. The net revenue (expense) of certain internal service funds is reported with governmental activities. (1,992,059)

Change in net assets of governmental activities \$ 630,920

**STATE OF NEW MEXICO
CITY OF CARLSBAD
Notes to Financial Statements
For the Year Ended June 30, 2016**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the City of Carlsbad (the "City") have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). The significant accounting policies of the City are described below.

A. Reporting Entity

The City of Carlsbad, established on March 25, 1918, is a political subdivision of the state of New Mexico, and operates under the mayor-council form of government. The City provides the following authorized services: public safety (police and fire), public works, water, sanitation, health and welfare, social services, culture and recreation, public improvements, planning and zoning, and general administrative services. The City's basic financial statements include all activities and accounts of the City's financial reporting entity.

The financial reporting entity consists of the primary government, and any other organization for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

The definition of the reporting entity is based primarily on the notion of financial accountability. A primary government is financially accountable for the organizations that make up its legal entity. It is also financially accountable for legally separate organizations if its officials appoint a voting majority of an organization's governing body, and either it is able to impose its will on that organization, or there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens, on the primary government. A primary government may also be financially accountable for governmental organizations that are fiscally dependent on it.

A primary government has the ability to impose its will on an organization if it can significantly influence the programs, projects, activities, or level of services performed or provided by the organization. A financial benefit or burden relationship exists if the primary government (a) is entitled to the organization's resources; (b) is legally obligated or has otherwise assumed the obligation to finance the deficits of, or provide financial support to, the organization; or (c) is obligated in some manner for the debt of the organization. Based on this criterion, there are no component units of the City.

B. Basis of Presentation

Government-Wide and Fund Financial Statements—The basic financial statements include both government-wide (based on the City as a whole) and fund financial statements. The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the government. For the most part, the effect of inter-fund activity has been removed from these statements.

Governmental activities, which normally are supported by truces and intergovernmental revenues, are reported separately from the business-type activities, which rely to a significant extent on fees and charges for support. The Statement of Net Position and the Statement of Activities were prepared using the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets and liabilities resulting from exchange-like transactions are recognized in accordance with the requirements of GASB Statement No. 33, *Accounting and Financial Reporting for Non-Exchange Transactions*.

**STATE OF NEW MEXICO
CITY OF CARLSBAD
Notes to Financial Statements
For the Year Ended June 30, 2016**

The government-wide statement of activities demonstrates the degree to which the direct expenses of a function category (general government, public safety, etc.) or activity are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or activity. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or activity, 2) grants and contributions that are restricted to meeting the operational requirements of a particular function or activity, and 3) grants and contributions that are restricted to meeting the capital requirements of a particular function or activity. Taxes and other items not properly included among program revenues are reported instead as general revenues.

The net cost (by function of governmental-type activity) is normally covered by general revenues (property, sales, franchise, public service truces, interest income, etc.) The City does not allocate indirect costs. Depreciation expense is specifically identified by function and is included in the direct expense of each function. Interest on general long-term is considered an indirect expense and is reported separately on the Statement of Activities.

Separate fund based financial statements are provided for governmental funds, proprietary funds, and fiduciary funds even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements. GASB Statement No. 34 sets forth minimum criteria (percentage of assets, liabilities, revenues or expenditures/expenses of either fund category for the governmental and enterprise combined) for the determination of major funds. The nonmajor funds are combined in a column in the fund financial statements. The nonmajor funds are detailed in the combining section of the statements.

The government-wide focus is more on the sustainability of the City as an entity and the change in aggregate financial position resulting from the activities of the fiscal period. The focus of the fund financial statements is on the major individual funds of the governmental and business-type categories. Each presentation provides valuable information that can be analyzed and compared to enhance the usefulness of the information.

C. Measurement Focus, Basis of Accounting, and Financial Statement Preparation

Government-Wide Financial Statements—The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Nonexchange transactions, in which the City gives (or receives) value without directly receiving (or giving) equal value in exchange, include property truces, grants, entitlements, and donations. On an accrual basis, revenue from property truces is recognized in the fiscal year to which the truces are levied. Revenue from grants, entitlements, and donations is recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental Fund Financial Statements—Governmental fund level financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balance of financial resources) rather than upon net income. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period. For this purpose, the City considers revenues to be available if they are collected within sixty days of the end of the current fiscal period. Generally, intergovernmental revenues and grants are recognized when all eligibility requirements are met and the revenues are available. Expenditures generally are recorded when a liability is incurred, as under accrual accounting.

**STATE OF NEW MEXICO
CITY OF CARLSBAD
Notes to Financial Statements
For the Year Ended June 30, 2016**

However, debt service expenditures, as well as, expenditures related to compensated absences and claims and judgments, are recorded only when payment is made.

Property, franchise, sales, and public service tax revenues associated with the current fiscal period are recognized under the susceptible to accrual concept. Licenses and permits, charges for services, fine and forfeitures, contributions, and miscellaneous revenues are recorded as revenues when received in cash, as the resulting receivable is immaterial. Investment earnings are recorded as earned since they are measurable and available. In applying the susceptible to accrual concept to intergovernmental revenues, the legal and contractual requirements of the numerous individual programs are used as guidance.

There are, however, essentially two types of these revenues. In one, monies must be expended for the specific purpose or project before any amounts will be paid to the City; therefore, revenues are recognized based upon the expenditures recorded. In the other, monies are virtually unrestricted as to purpose of expenditure and are usually revocable only for failure to comply with prescribed compliance requirements. These resources are reflected as revenues at the time of receipt or earlier if the susceptible to accrual criteria are met.

Business-type activities, and all proprietary funds, are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operation of these funds are included on the balance sheet. Proprietary fund-type operating statements present increases and decreases (e.g., revenues and expenses) in net total assets.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's enterprise funds are charges to customers for sales and services. Operating expenses for the enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

The City reports the following proprietary fund types:

Enterprise funds are required to be used to account for operations for which a fee is charged to external users for goods or services and the activity is financed with debt that is solely secured by a pledge of the net revenues. The activities reported in these funds are reported as business-type activities in the government-wide financial statements.

Additionally, City reports the following fund types:

Internal service funds are used to account for the financing of goods or services provided by an activity to other departments of the City on a cost-reimbursement basis. Because the principal users of the internal services are the City's governmental activities, the financial statement of the internal service fund is consolidated into the governmental column when presented in the government-wide financial statements.

Agency funds are used to account for monies held by the City in a custodial capacity. These funds do not report operations or have a measurement focus.

The City reports the following Major Governmental Funds:

The *General Fund* is the City's primary operating fund. It accounts for all the financial resources of the general government, except those required to be accounted for in another fund. Revenues

**STATE OF NEW MEXICO
CITY OF CARLSBAD
Notes to Financial Statements
For the Year Ended June 30, 2016**

are provided through property, sales and other taxes, federal sources, state sources, charges for services, licenses and fees, and other miscellaneous recoveries and revenues. Expenditures include all costs associated with the daily operation of the City, except for items included in other funds.

The *GRT Capital Outlay Fund*, is a capital projects fund that accounts for receipts and disbursements and sales taxes for capital outlay projects. The fund is authorized by city council.

The City reports the following major business-type funds:

The *Solid Waste Fund* is used to account for the provisions of solid waste disposal for the residents of the City. All activities necessary to provide such services are accounted for in this fund.

The *Joint Water and Sewer Fund* accounts for the provision of water and sewer services to the residents of the City. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operations, maintenance, financing and related debt service, billing and collection.

The City maintains seventeen other individual governmental funds that are considered nonmajor funds; ten are classified as special revenue funds; four are classified as capital project funds; and three are classified as debt service funds. A description of each nonmajor governmental fund is as follows:

Special Revenue Funds

The *Fire Protection Fund* accounts for proceeds of the state fire allotment, and the expenditures for public safety there from. New Mexico state law requires these funds be used to help maintain the fire department. The fund was established by local ordinance and in accordance with Section 59A-53-1, of the New Mexico State Insurance Code. Section 59A-53-8 of the code restricts the use of the funds for only the maintenance of the City's fire department.

The *Lodgers' Tax Fund* accounts for funds received from a special local lodgers' tax that is to be used for promotion of the City. The fund was established by local ordinance authorized by Section 3-38-13 through 3-38-24, NMSA 1978. Section 3-38-1S(E), NMSA 1978, restricts the use of the tax for advertising, publicizing and promoting, establishing and operating tourist-related attractions, facilities and events.

The *Airport Fund* accounts for the operating and maintenance of the airport. Financing is provided by federal, state, and county grants. The fund is authorized by city council and is required by federal grants for segregating interest earned and for auditing purposes.

The *Emergency Medical Services Fund* accounts for the state emergency medical services grant, to be used for specific medical services provided through fire department activities. This state grant comes through the New Mexico Department of Health per EMS regulation DOH 94-11. The fund was created by local ordinance. Section 24-IOA-1 to 24-IOA-10, NMSA 1978 provides funds to municipalities for use in the establishment and enhancement of local emergency medical services. Section 24-IOA-7, NMSA 1978 restricts expenditures from the fund for only emergency medical services.

The *Local Government Corrections Fund* accounts for the fees collected by the municipal judge, which are legally restricted to expenditure for jail related costs. The fund was established by local ordinance in order to comply with Section 35-14-11, NMSA 1978.

**STATE OF NEW MEXICO
CITY OF CARLSBAD
Notes to Financial Statements
For the Year Ended June 30, 2016**

The *Law Enforcement Protection Fund* accounts for the state grant to be used for the repair and/or replacement of law enforcement equipment, according to state law, Section 29-13.1 through 29-13.9, NMSA 1978. The fund was established by local ordinance to comply with state statutes. Section 29-13-17A, NMSA 1978 limits distributions from the fund for law enforcement related expenditures, including, but not limited to, the purchase of equipment, expenses associated with advanced law enforcement planning, and training.

The *Sports Complex Fund* accounts for the operation of the City's sports complex. Financing is provided from infrastructure gross receipts tax revenues. The fund is authorized by city council.

The *RSVP Fund* accounts, maintains, and reports to the state of New Mexico hours performed by retired volunteers in the area. The fund is financed by grants from the federal government and the state of New Mexico. The fund is authorized by city council.

The *Community Development Fund* accounts for funds received for community development and improvements funded under New Mexico Community Development Block Grants pursuant to the U.S. Department of Housing and Urban Development Title I grant. The fund is authorized by city council.

The *WIPP Acceleration Impact Fund* accounts for funds from the U.S. Department of Energy used exclusively for infrastructure improvements, educational support, and economic development in the City, due to acceleration of the WIPP Project. The fund is authorized by PL 95-91.

Capital Project Funds

The *Park Improvement Fund* accounts for the receipts and disbursements to build and improve parks within the City. Financing is provided from state grants. The fund is authorized by city council.

The *CIEP Fund* accounts for the financing and acquisition of capital improvements and equipment purchases for the City. Financing is provided from the General Fund. The fund is authorized by city council.

The *Federal Projects Fund* accounts for receipts and disbursements for infrastructure and improvements. Financing is provided from federal and state grants. The funding is authorized by city council and is required by federal grantors for segregating interest earned and for auditing purposes.

The *Street System Improvement Fund* accounts for funds receipts and disbursements for City street improvements and maintenance. Financing is provided from motor vehicle fees and state and county grants. The authority for the fund is given by section 7-1-6.27, NMSA and the City's ordinance number 389.

Debt Service Funds

The *2002 Sales Tax Bonds Fund* accounts for the receipts and disbursements for the repayment of the refunding 1994 sales tax revenue bonds and provide additional funds for capital improvements and equipment. Financing is provided by sales tax collected in the General Fund. The fund is authorized by city council and is in conformance with bond covenants.

The *GRT Capital Outlay Fund* accounts for the receipts and disbursements for the payment of the 2009 revenue bonds. Financing is provided by sales taxes collected in the GRT capital outlay fund. The fund is authorized by city council and is in conformance with bond covenants.

**STATE OF NEW MEXICO
CITY OF CARLSBAD
Notes to Financial Statements
For the Year Ended June 30, 2016**

The *NM Finance Authority Loan Fund* accounts for the receipts and disbursements for the repayment of loans to the New Mexico Finance Authority recorded as governmental activities. Transfers from fire protection and sports complex funds provide reserves to reduce loan obligations. The fund is authorized by city council and is in conformance with loan covenants.

The City maintains two individual agency funds. A description of each fund is as follows:

The *Municipal Court Trust Funds* accounts for monies held in trust by the municipal judge to reduce court fines, costs and administrative fees. Any unused funds available after the reduction of fines and fees are returned to the defendant.

The *U.S. Department of Energy Fund* accounts for monies collected and remitted to the U.S. Department of Energy.

The City maintains four other individual enterprise funds that are considered nonmajor funds. A description of each nonmajor enterprise funds is as follows:

The *Museum Gift Shop Fund* accounts for the receipts and disbursements of the operations of the museum gift shop. The fund is authorized by city council.

The *Municipal Transit Fund* accounts for the receipts and disbursements of the City's transportation services. Financing is provided from federal and state grants, and customer receipts. The fund is authorized by city council and required by federal grantors for segregating interest earned and for auditing purposes.

The *Performing Arts Center Fund* accounts for the operations of promotional activities of the City. Financing is provided primarily by transfers from the Lodgers' Tax Fund. The fund is authorized by Section 3-38-13 through 3-38-24, NMSA 1978.

The *Cemetery Fund* accounts for the operation and maintenance of the City cemetery. Financing is provided through lot sales and fees for services. The funding is authorized by Section 3-40-1 through 3-40-9, NMSA 1978.

The City maintains three individual internal service funds. A description of each fund is as follows:

The *General Insurance Fund* accounts for the cost of providing insurance and worker's compensation coverage and liability claims against the City. Such costs are billed to the other departments at actual cost.

The *Group Health Insurance Fund* accounts for the cost of providing group health benefits to City employees. The costs are billed to employees and various departments based on a minimum premium plan for eligible participants.

The *Disaster Preparedness Fund* accounts for unforeseen disasters such as natural disasters, emergency evacuations of citizens, and other disaster situations where the City would be required to spend funds immediately without the guarantee of future reimbursement.

D. Budgets

Budgets for all funds are prepared by management and approved by the City council and the New Mexico Department of Finance and Administration. The City administrator is responsible for preparing the budget from requests submitted by department heads.

**STATE OF NEW MEXICO
CITY OF CARLSBAD
Notes to Financial Statements
For the Year Ended June 30, 2016**

The appropriated budget is prepared by line item within object class, program, department and fund; revenues expected to be available are estimated to provide for balanced budgeting. The comprehensive budget package is brought before the City council for approval by resolution.

The proposed budget is then submitted by June 1" to the New Mexico Department of Finance and Administration Local Government Division (DFA) for approval. DFA certifies a pending budget by July 1st with final certification of the budget by the first Monday of September. The expenditure section of the budget, once adopted, is legally binding. Based on the final certified budget submitted, DFA certifies the allowable tax rates for property taxes in September.

These budgets are prepared on the non-GAAP cash basis, excludes encumbrances, and secure appropriation of funds for only one year. Carryover funds are re-appropriated in the budget of the subsequent fiscal year. The budget process in the state of New Mexico requires that the beginning cash balance be utilized to fund deficit budgets appropriated in the budget of the subsequent fiscal year. Such appropriated balance is presented as a committed portion of fund balance.

Actual expenditures may not exceed the budget on a fund basis. Budgets may be amended in two ways. If a budget transfer is necessary within a fund, this may be accomplished with only local council approval. If a transfer between "funds" or a budget increase is required, approval must be obtained from the Department of Finance and Administration. The budgetary information presented in these financial statements has been amended in accordance with the above procedures.

E. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position

Deposits and Investments

Investments in the City's cash and certificates of deposit are stated at cost, which approximates fair value. All other investments are carried at fair market value using quoted market prices. Interest income, realized gains and losses on investment transactions, and amortization of premiums/discounts on investment purchases are included for financial statement purposes as investment income and are allocated to participating funds based on the specific identification of the source of funds for a given investment.

Interfund Receivables and Payables

Activity between funds, that is representative of lending/borrowing arrangements outstanding at the end of the fiscal year, is referred to as interfund balance. Long-term advances between funds, as reported in the fund financial statements, as nonspendable fund balance in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

Inventory

Proprietary fund inventories are recorded at the lower of cost or market on a first-in, first-out basis, and consist of operating supplies held for use in operations and are recorded as an expense when consumed rather than when purchased.

Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

Restricted Assets

Certain long-term assets are classified as restricted assets on the balance sheet because their use is limited to payments for debt service or other purposes such as deposits held in trust for others.

**STATE OF NEW MEXICO
CITY OF CARLSBAD
Notes to Financial Statements
For the Year Ended June 30, 2016**

Interfund Activity

Interfund activity is reported as loans, services provided, reimbursements or transfers. Loans are reported as interfund balance as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related costs as a reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental funds are netted as part of the reconciliation to the government-wide financial statements.

Capital Assets

Property, plant, and equipment purchased or acquired is carried at historical cost or estimated cost. Contributed fixed assets are recorded at estimated fair market value at the time received. Purchased computer software is recorded at historical cost. The City defines capital assets as assets with an initial, individual cost or donated value of more than \$5,000 and an estimated useful life in excess of one year.

Infrastructure fixed assets consisting of roads, curbs and gutters, streets and sidewalks, drainage systems and lighting systems have been recorded at estimated historical cost. Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

Net revenue bond interest cost incurred during construction is capitalized as part of the construction project.

Property, plant, equipment, and infrastructure of the primary government are depreciated using the straight-line method over the following estimated useful lives:

<u>Classification</u>	<u>Years</u>
Buildings and building improvements	10-50
Public domain infrastructure	25
Utility system	40
Machinery and equipment, including vehicles	5-10

Vacation Pay

Employees of the City may accumulate a total of ten to thirty days of vacation per year. A maximum of seventy-five days of vacation may be accumulated for executive officers. Employees compensated on an hourly basis may accumulate up to thirty days of vacation. Appointed officers may accrue thirty-one and a half days of paid time off per year with no maximum accumulation. All vacation and time off compensation are accrued when incurred in the government-wide and proprietary fund financial statements. A liability is reported in the governmental funds only if it has matured.

Sick Leave

Appointed officers do not accrue sick leave. Executive officers and those employees compensated on an hourly basis may accumulate a total of twelve days of sick leave per year; however, if the employee has qualified to retire under the state retirement program, employees are not paid for the accumulated sick leave upon retirement or other termination. If the employee has not qualified to retire under the state retirement program, the City will pay the employee for one-third portion of the accumulated sick leave on the last day of service to the City. Accordingly, the one-third portion of the sick leave earned for is accrued on the government-wide and proprietary fund financials statements.

**STATE OF NEW MEXICO
CITY OF CARLSBAD
Notes to Financial Statements
For the Year Ended June 30, 2016**

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources, and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the New Mexico Employees Retirement Association (PERA) and additions to/deductions from PERA's fiduciary net position have been determined on the same bases as they are reported by PERA, on the economic resources measurement focus and accrual basis of accounting. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position and/or the balance sheet for the governmental funds will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position/fund balance that applies to a future period and so will not be recognized as an expense or expenditure until then. The City reports the difference between the reacquisition price and the net carrying amount of old, retired debt as a deferred outflow of resources. The amount is amortized as a component of interest in a systematic and rational manner over the remaining life of the old debt that is a shorter period than the life of the new debt.

The City has the following deferred outflows of resources during fiscal year 2016 on the government-wide financials:

<u>Deferred Outflows of Resources - GW</u>	
Pension deferrals	\$ 6,377,125
Charges related to advance refunding	92,891
Total deferred outflows of resources	\$ 6,470,016

In addition to liabilities, the statement of net position and/or the balance sheet for the governmental funds will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as revenue.

The City has the following deferred inflows of resources during fiscal year 2016 on the fund financials:

<u>Deferred Inflows of Resources - Fund Financials</u>	
Unavailable property tax revenue	\$ 129,650
Unavailable charges for services	196,430
Unavailable grant revenue	190,000
Total deferred outflows of resources	\$ 516,080

The City has the following deferred inflows of resources during fiscal year 2016 on the government-wide financials:

<u>Deferred Inflows of Resources - GW</u>	
Pension deferrals	\$ 888,812
Total deferred outflows of resources	\$ 888,812

Unearned Revenue/Deferred Revenue

There are two types of unearned revenue. Under both the accrual and modified accrual basis of accounting, revenue may be recognized only when it is earned. If assets are recognized in connection

**STATE OF NEW MEXICO
CITY OF CARLSBAD
Notes to Financial Statements
For the Year Ended June 30, 2016**

with a transaction before the earnings process is complete, those assets must be offset by a corresponding deferred inflow for deferred revenue. The other type of deferred revenue is “unavailable revenue.” Under the modified accrual basis of accounting, it is not enough that revenue has been earned if it is to be recognized as revenue of the current period. It must also be susceptible to accrual (measurable and available to finance expenditures of the current fiscal period). If assets are recognized in connection with a transaction, but those assets are not yet available, to finance expenditures of the current fiscal period, and all other eligibility requirements have been met, then the assets must be offset by a corresponding deferred inflow for deferred revenue.

The taxes receivable are an aggregate of uncollected amounts assessed for the current fiscal year, as well as delinquent balances carried forward from the nine preceding fiscal years. Except for taxes received in advance or under protest, tax revenue received is distributed within thirty days to other local governmental units and county funds. While some of the delinquent outstanding balances will eventually be eliminated through corrections, litigation, and other property tax administrative procedures, the majority of the balances will ultimately be realized through delinquent payment or tax sales. The aggregate amount of this ultimate realization is generally difficult to ascertain at any point in time. Thus, taxes not collected within sixty days’ official year end are carried in the liability section of the balance sheet as deferred revenue on the fund basis financial statements.

Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental or business-type activities within the statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds, using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as debt service expense in the year of issuance.

In the fund financial statements, governmental fund types recognized bond premiums and discounts, as well as, bond issuance costs, during the year of issuance. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Net Position

The government-wide financial statements utilize a net position presentation. Net position is categorized as follows:

Net investment in capital assets-This category reflects the portion of net position that are associated with capital assets less outstanding capital asset related debt.

Restricted net position—This category reflects the portion of net position that has third party limitations on their use.

Unrestricted net position-This category reflects net position of the City, not restricted for any project or other purpose.

Fund Balance Reservation and Designations—in the fund financial statements, governmental funds report aggregate amounts for five classifications of fund balances based on the constraints imposed on the use of these resources. The nonspendable fund balance classification includes amounts that cannot be spent because they are either (a) not in spendable form - prepaid items or inventories; or (b) legally or contractually required to be maintained intact.

**STATE OF NEW MEXICO
CITY OF CARLSBAD
Notes to Financial Statements
For the Year Ended June 30, 2016**

The spendable portion of the fund balance comprises the remaining four classifications: restricted, committed, assigned, and unassigned.

Restricted fund balance—This classification reflects the constraints imposed on resources either (a) externally by creditors, grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

Committed fund balance—These amounts can only be used for specific purposes pursuant to constraints imposed by formal resolutions or ordinances of the City council - the government's highest level of decision making authority. Those committed amounts cannot be used for any other purpose unless the City council removes the specified use by taking the same type of action imposing the commitment This classification also includes contractual obligations to the extent that existing resources in the fund have specifically committed for use in satisfying those contractual requirements.

Assigned fund balance—This classification reflects the amounts constrained by the City's "intent" to be used for specific purposes, but are neither restricted nor committed. The city council has the authority to assign amounts to be used for specific purposes. Assigned fund balances include all remaining amounts (except negative balances) that are reported in governmental funds, other than the General Fund, that are not classified as nonspendable and are neither restricted nor committed.

Unassigned fund balance—This fund balance is the residual classification for the General Fund. The classification is also used to report negative fund balances in other governmental funds.

When both restricted and unrestricted resources are available for use, it is the City's policy to use externally restricted resources first, then unrestricted resources - committed, assigned, and unassigned—in order as needed.

F. Other Matters

Cash Flows

For the purpose of the statement of cash flows, the City considers all highly liquid investments, including restricted cash with maturity of three months or less, to be cash equivalents.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Subsequent Events

Management has evaluated events through December 14, 2016, the date the financial statements were available to be issued.

NOTE 2. CASH AND DEPOSITS WITH FINANCIAL INSTITUTIONS

New Mexico state statutes provide authoritative guidance regarding the deposit of cash and idle cash. Deposits of funds may be made in interest or non-interest bearing checking accounts in one or more bank or savings and loan associations within the geographical boundaries of the City. Deposits may be made to the extent that they are insured by an agency of the United States of America or by collateral

**STATE OF NEW MEXICO
CITY OF CARLSBAD
Notes to Financial Statements
For the Year Ended June 30, 2016**

deposited as security or by bond given by the financial institution. The rate of interest in non-demand interest-bearing accounts shall be set by the state Board of Finance, but in no case shall the rate of interest be less than one hundred percent of the asked price on United States treasury bills of the same maturity on the day of deposit.

Idle cash may be invested in a wide variety of instruments, including money market accounts, certificates of deposit, the New Mexico State Treasurer's investment pool, or in securities which are issued by the state or by the United States government, or by their departments or agencies, and which are either direct obligations of the state or the United States, or are backed by the full faith and credit of those governments.

Cash Deposited with Financial Institutions

The City maintains cash in four financial institutions within Carlsbad, New Mexico. The City's deposits are carried at cost.

As of June 30, 2016, the amount of cash reported on the financial statements differs from the amount on deposit with the various institutions because of transactions in transit and outstanding checks. The locations and amounts deposited are as follows:

	Per Institution	Reconciling Items	Per Financial Statements
Cash on hand	\$ 4,597	-	4,597
Carlsbad National Bank	7,958,856	(99,119)	7,859,737
Pioneer Savings Bank	2,803,204	-	2,803,204
Wells Fargo Bank	50,024,918	(2,208,486)	47,816,432
Western Commerce Bank	14,002,918	(96,672)	13,906,246
Total cash deposits	<u>\$ 74,794,493</u>	<u>(2,404,277)</u>	<u>72,390,216</u>

The amounts reported as cash for the government within the financial statements is displayed as:

<u>Statement of Net Position</u>	<u>Amount</u>
Cash	\$ 63,331,501
Restricted	<u>9,027,662</u>
	<u>72,359,163</u>
Agency fund	<u>31,053</u>
Total cash	<u>\$ 72,390,216</u>

Except for items in transit, the carrying value of deposits by the respective depositories equated to the carrying value by the City. All deposits are collateralized with eligible securities, as described by New Mexico State Statute, in amounts equal to at least 50% of the City carrying value of the deposits (demand and certificates of deposit). Such collateral, as permitted by the state statutes is held in each respective depository bank's collateral pool at a Federal Reserve Bank, or member bank other than the depository bank, in the name of the respective depository bank and pledged as a pool of collateral against all of the public deposits it holds with the exception of deposit insurance provided by the Federal Deposit Insurance Corporation.

A detailed listing of the pledged collateral is contained in the supplemental financial information section of this report.

Demand deposits, time deposits, savings deposits and interest bearing money market accounts at a public unit in an institution in the same state are insured up to \$250,000.

Custodial Credit Risk Deposits

Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. As of June 30, 2016, \$73,789,896 of the City's bank balance of \$74,789,896 was exposed to custodial credit risk as follows:

	Carlsbad National Bank	Pioneer Savings Bank	Wells Fargo Bank, N.A.	Western Commerce Bank
Uninsured and collateralized held by pledging bank's trust dept. or agent not in the City name	\$ <u>7,708,856</u>	<u>2,553,204</u>	<u>49,774,918</u>	<u>13,752,918</u>

NOTE 3. RESTRICTED CASH HELD BY FISCAL AGENT

The City has entered into various loan agreements with the New Mexico Finance Authority. As required by the loan agreements, any unexpended loan proceeds is maintained by NMFA until needed by the City. Additionally, the City is required to set aside reserve amounts for the debt obligations. As of June 30, 2016, the NMFA held \$6,052,725.

NOTE 4. RESTRICTED INVESTMENTS

Investments Held at Wells Fargo Bank, N.A. Roswell, NM

The amounts reported as investments for the government within the financial statements are displayed as:

<u>Statement of Net Position</u>	
Restricted investments	\$ <u>6,209,355</u>

As of June 30, 2016, the restricted investments are composed of the following:

Investment - US Treasury Notes	\$ <u>6,209,355</u>
--------------------------------	---------------------

**STATE OF NEW MEXICO
CITY OF CARLSBAD
Notes to Financial Statements
For the Year Ended June 30, 2016**

The U.S. Treasury Notes all carry a Moody's rating of AAA and the City's Treasury notes reach maturity as follows: as of June 30, 2016.

	Market Value	%	Maturity
\$	1,378,163	22%	Less than 1 year
	760,495	12%	1-2 years
	3,965,955	64%	2-5 years
	104,742	2%	5-10 years
\$	6,209,355	100%	

In February 2015, the Governmental Accounting Standards Board (GASB) issued Statement Number 72, Fair Value Measurement and Application. This statement changes the definition of fair value and adds new disclosure requirements. GASB 72 is effective for periods beginning after June 15, 2015 (i.e., financial statements for June 30, 2016, and beyond).

The City holds investments that are measured at fair value on a recurring basis. Because investing is not a core part of the City's mission, the City determines that the disclosures related to these investments only need to be disaggregated by major type. The City chooses a table format for the fair value disclosures.

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles.

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction. In determining this amount, three valuation techniques are available:

- **Market approach:** this uses prices generated for identical or similar assets or liabilities. The most common example is an investment in a public security traded in an active exchange such as the NYSE.
- **Cost approach:** this technique determines the amount required to replace the current asset. This approach may be ideal for valuing donations of capital assets or historical treasures.
- **Income approach:** this approach converts future amounts (such as cash flows) into a current discounted amount.

Each of these valuation techniques requires inputs to calculate a fair value. Valuation techniques should be applied consistently, though a change may be appropriate in certain circumstances. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

GASB 72 establishes a hierarchy of inputs to the valuation techniques listed above

The hierarchy is based on the valuation inputs used to measure the fair value of the asset. The hierarchy's three levels are as follows:

Level 1

Inputs are quoted prices (unadjusted) for identical assets or liabilities in active markets that a government can access at the measurement date. (Examples: equity securities traded on an open market, actively traded mutual funds, and US treasuries)

Level 2

Are significant other observable inputs

- a) Quoted prices for similar assets or liabilities in active markets.
- b) Quoted prices for identical or similar assets or liabilities in markets that are not active.

**STATE OF NEW MEXICO
CITY OF CARLSBAD
Notes to Financial Statements
For the Year Ended June 30, 2016**

- c) Inputs other than quoted prices that are observable for the asset or liability, such as:
 - 1. Interest rates and yield curves observable at commonly quoted intervals,
 - 2. Implied volatilities, and
 - 3. Credit spreads.
- b) Market-corroborated inputs.

(Examples: a bond valued using market corroborated inputs such as yield curves, a bond valued using matrix pricing, and an interest rate swap valued using the LIBOR swap rate observed at commonly quoted intervals for the full term of the swap)

Level 3

Are significant unobservable inputs for an asset or liability (Examples: Commercial real estate valued using a forecast of cash flows based on a university's own data and an interest rate swap valued using data that is neither directly observable nor corroborated by observable market data)

The City has the following recurring fair value measurements as of June 30:

<u>Description</u>	<u>2016</u>
	<u>Level 1</u>
U.S. Treasury Notes	\$ <u>6,209,355</u>

Investments Held by Fiscal Agent

As required by note agreements with the New Mexico Finance Authority (NMFA), the City has cash held and invested with the NMFA.

NOTE 4. RECEIVABLES

Receivables, net of allowance for doubtful accounts, at June 30, 2016, consisted of the following:

<u>Types of Receivables</u>	<u>Governmental</u>	<u>Business-Type</u>	<u>Totals</u>
	<u>Activities</u>	<u>Activities</u>	
Accounts receivable			
Charges for services	\$ 390,382	2,685,668	3,076,050

Municipal transit grants	-	24,447	24,447
Total	<u>1,002,789</u>	<u>24,447</u>	<u>1,027,236</u>
Interest receivable	3,400	1,744	5,144
Receivables, net	<u>\$ 8,132,101</u>	<u>2,465,723</u>	<u>10,597,824</u>

**STATE OF NEW MEXICO
CITY OF CARLSBAD
Notes to Financial Statements
For the Year Ended June 30, 2016**

The City's policy is to provide for uncollectible accounts based upon expected defaults.

NOTE 5. PROPERTY TAX

Property taxes attach as an enforceable lien on property as of January 1st. Property tax rates for the year are set no later than September 1st each year by the New Mexico Secretary of Finance and Administration. The rate of tax are then used by the Eddy County Assessor to develop the property tax schedule by October 1st. The Eddy County Treasurer sends tax notices to property owners by November 1st of each year. Taxes are payable in equal semiannual installments by November 10th and April 10th of the subsequent year. Thirty days later the bill becomes delinquent and the county treasurer assesses penalties and interest. Taxes are collected on behalf of the City by the county treasurer, and are remitted to the City in the month following collection. The county treasurer is statutorily required to collect taxes as an intermediary agency for all forms of government. Distribution of taxes collected is made through the county treasurer's office.

The City is permitted to levy taxes for general operating purposes up to an amount determined by a formula based upon each \$1,000 of taxable value for both residential and nonresidential property, taxable value being defined as one third of the fully assessed value. In addition, the City is allowed to levy taxes for payments of bonds principal and interest in amounts approved by voters of the City. The City's total tax rate to finance general government services for the year 2015, was \$5.954 per \$1,000 for non-residential and \$5.319 for residential property.

NOTE 6. BAD DEBT EXPENSE

Governmental Activities

During the current fiscal year, the City recorded an allowance on all receivables related to ambulance fees over 180 days, as well as an additional charge of 1%, which amounted to \$70,388 in total. Ambulance fees are reflected as public safety charges for services in the government-wide statement of activities and charges for services within the general fund.

Business-Type Activities

During the current fiscal year, the City's policy has been to record an allowance of .015% of sales. Total allowance as of June 30, 2016, is \$381,224.

NMFA # 4—Note Payable—Aerial Platform Truck

On July 19, 2005, the City borrowed \$1,000,000 from the New Mexico Finance Authority. The note matures on May 1, 2020, and accrues interest at rates between 1.290% and 3.850% per annum. The proceeds of the loan were used for the acquisition of a fire pumper and an aerial (ladder) platform truck. The payments of principal and interest are paid from receipts of the City's annual state fire allotment, which totaled \$369,813 for the year ended June 30, 2016.

**STATE OF NEW MEXICO
CITY OF CARLSBAD
Notes to Financial Statements
For the Year Ended June 30, 2016**

The annual requirements to amortize the loan outstanding as of June 30, 2016, including interest payments, are as follows:

	Principal	Interest	Total
2017	\$ 75,792	11,735	87,527
2018	78,662	9,062	87,724
2019	81,706	6,221	87,927
2020	84,937	3,202	88,139
	<u>\$ 321,097</u>	<u>30,220</u>	<u>351,317</u>

NMFA # 15—Note Payable—Sports Complex Loan

On December 18, 2015, the City borrowed \$5,710,429 from the New Mexico Finance Authority for the purpose of financing the design and construction of various additions and expansions to the Bob Forrest Youth Sports Complex. The bond bears a blended interest rate of 2.464178% per annum and matures on May 1, 2030. The payment of principal, premium and interest thereon, whether at maturity or on a redemption date, are paid with income derived from Municipal Infrastructure Gross Receipts Tax of .0625%, and Lodgers' Tax.

	Principal	Interest	Total
2017	\$ 360,639	115,097	475,736
2018	362,875	112,861	475,736
2019	365,959	109,777	475,736
2020	369,875	105,861	475,736

	<u>\$ 5,577,345</u>	<u>1,082,958</u>	<u>6,660,303</u>

2002 Refunding and Improvement Bonds

On February 12, 2002, the City issued bonds in the amount of \$3,710,000 for the purposes of defraying the cost of public building projects; and the cost of refunding, paying, discharging, and liquidating a portion of the 1994 sales tax revenue bonds. The bond bears interest at rates between 4.00% and 4.85% per annum and matures on October 1, 2017. The payment of principal, premium and interest thereon, whether at maturity or on a redemption date, are paid with income derived from pledged gross receipts tax revenues, which totaled \$41.7 million for the year ended June 30, 2016. The bonds maturing on October 1, 2017 are subject to mandatory sinking fund redemption at a redemption price equal to 100% of the principal amount thereof plus accrued interest to the redemption date. As and for a sinking fund for the redemption of the bonds maturing on October 1, 2017, the City shall cause to be deposited in the debt service fund a sum which is sufficient to redeem the bonds at the redemption date.

The annual requirements to amortize the bonds outstanding as of June 30, 2016, including interest payments, are as follows:

	Principal	Premium (Discount)	Net Book Value	Interest	Total
2017	\$ 315,000	(57)	314,943	23,886	338,829
2018	335,000	(284)	334,716	8,124	342,840
	<u>\$ 650,000</u>	<u>(341)</u>	<u>649,659</u>	<u>32,010</u>	<u>681,669</u>

2009 Public Infrastructure Projects Bonds

On July 28, 2009, the City issued bonds in the amount of \$8,550,000 for the purposes of defraying the cost of public infrastructure projects. The bond bears interest at rates between 2.00% and 4.75% per annum and matures on June 1, 2029. The payment of principal, premium and interest thereon, whether

Compensated Absences

City employees are entitled to certain compensated absences based on their employment classification and length of employment. A liability for unused vacation for all full-time employees is calculated and reported in the government-wide statements. For financial reporting, the following criteria must be met to be considered as compensated absences:

- leave or compensation is attributable to services already rendered.
- leave or compensation is not contingent on a specific event (such as illness).

Per GASB Interpretation No. 6, liabilities for compensated absences are recognized in the fund statements to the extent the liabilities have matured (i.e., are due for payment). Compensated absences are accrued in the government-wide statements. The compensated absences liability attributable to the governmental activities will be liquidated primarily by the general fund.

Business-Type Activities

Changes in the business-type activities obligations during the year ended June 30, 2016, were as follows:

Business-Type Activities	Balance			Adjustments	Amounts	
	2015	Additions	Reductions		2016	Due Within One-Year
Notes payable	\$ 31,557,972	1,890,945	(155,399)	81,573	33,375,091	820,174

NMED—Note Payable—Wastewater Utility System Improvements

On April 29, 2010, the City entered into a clean water state revolving loan agreement with the New Mexico Environment Department, with a total maximum amount of \$18,000,000. The note is for twenty years, and accrues interest at 2.00% per annum. The proceeds of the loan agreement will be used for improvements to the City's wastewater utility system. The payments of principal and interest will be paid with net revenues from the City's water and wastewater utility system activities, which was approximately \$10.9 million for the year ended June 30, 2016.

**STATE OF NEW MEXICO
CITY OF CARLSBAD
Notes to Financial Statements
For the Year Ended June 30, 2016**

As per the agreement, the City has three years from the date of the agreement to complete all work on the wastewater utility system. The City has received an extension of the construction period through December 31, 2016. As of June 30, 2016, the City has requested loan proceeds, totaling \$15,331,855. As per the agreement, the first loan payment is not required until completion of the project.

NMFA # 11—Note Payable—Drinking Water Loan

On November 22, 2013, the City entered into a drinking water state revolving loan fund agreement with the New Mexico Finance Authority, with a total amount of \$20,200,000 of which the loan portion of the agreement is a maximum of \$16,151,670. The note is for twenty years and accrues interest at 2.00% per annum. The proceeds of the loan agreement will be used for improvements to the City's Double Eagle water line system. The payments of principal and interest will be paid with net revenues from the City's water utility system activities, which was approximately \$10.9 million for the year ended June 30, 2016.

As per the agreement, the City has three years from the date of the agreement to complete all work on the wastewater utility system. As of June 30, 2016, the City has requested loan proceeds, totaling \$16,206,939. As per the agreement, the first loan payment is not required until one year after the completion of the project. The City recorded the proceeds as long-term debt.

The City recorded the proceeds as long-term debt with \$662,891 allocated to current liabilities based on the most up-to-date information that the first payment will be due May 1, 2017. In 2017, a formal amortization schedule will be created by NMFA.

NMFA # 10—Note Payable—Double Eagle Waterline Improvements

On June 18, 2010, the City entered into a water project loan and subsidy agreement with the New Mexico Water Trust Board, financed by the New Mexico Finance Authority, with a total amount of \$1,500,000, of which the loan portion of the agreement is a maximum of \$300,000. The note matures on June 1, 2030, and does not accrue interest. The note accrues an administrative fee of .25% per annum. The proceeds of the loan and subsidy agreement will be used for water line improvements to the Double Eagle system. The payments of principal and interest will be paid from net revenues from the City's water and wastewater utility system activities, which was approximately \$10.9 million for the year ended June 30, 2016. The annual requirements to amortize the loan outstanding as of June 30, 2016, including interest payments, are as follows:

		<u>Principal</u>	<u>Admin Fee</u>	<u>Total</u>
2017	\$	14,868	529	15,397
2018		14,905	492	15,397

NMFA # 13—Note Payable—Solid Waste Grapppler Trucks

On March 20, 2015, the City borrowed \$1,165,267 from the New Mexico Finance Authority. The note matures on May 1, 2025, and accrues interest at a rate of 1.449%. The proceeds of the loan were used for the purchase of new solid waste equipment, including grapppler trucks. The payments of principal and interest are paid from the net revenues of the City's water and wastewater utility system activities, which was approximately \$10.9 million for the year ended June 30, 2016. During the fiscal year ended June 30, 2016.

The annual requirements to amortize the loan outstanding as of June 30, 2016, including interest payments, are as follows:

	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2017	\$ 113,042	13,506	126,548
2018	113,573	12,862	126,435
2019	114,278	12,044	126,322
2020	115,203	11,004	126,207
2021	116,332	9,760	126,092

Total	\$ <u>1,053,904</u>	<u>80,889</u>	<u>1,134,793</u>

NMFA # 14—Note Payable—Water Storage/Conveyance

On May 1, 2015, the City entered into a water loan and subsidy agreement with the New Mexico Water Trust Board, financed by the New Mexico Finance Authority, with a total amount of \$1,500,000, of which the loan portion of the agreement is a maximum of \$600,000. The note matures on June 1, 2035, and does not accrue interest. The note accrues an administrative fee of .25% per annum. The proceeds of the loan and subsidy agreement will be used for water storage and conveyance. The payments of principal and interest will be paid from net revenues from the City's water and wastewater utility system activities, which was approximately \$10.9 million for the year ended June 30, 2016. During the fiscal year ended June 30, 2016, the City received \$600,000 in the loan proceeds. The City requested and received an additional, \$71,017 in July 2016. The City expects to receive the full balance of the \$1,500,000 in Fiscal Year 2017.

The annual requirements to amortize the loan outstanding as of June 30, 2016, including interest payments, are as follows:

	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2017	\$ 29,373	1,427	30,800
2018	29,447	1,353	30,800
2019	29,520	1,280	30,800
2020	29,594	1,206	30,800
2021	29,668	1,132	30,800
2022-2026	149,456	4,544	154,000
2027-2031	151,333	2,667	154,000

or reuse of water as provided by law. The payments of principal and interest will be paid from net revenues from the City's water and wastewater utility system activities, which was approximately \$10.9 million for the year ended June 30, 2016. During, the fiscal year ended June 30, 2016, the City did not request nor receive any of the loan or subsidy proceeds

2009 Advance Refunding Bonds

On March 12, 2009, the City issued bonds in the amount of \$21,440,000, which the City advance refunded \$13,705,000 of the outstanding series 1998 water and sewer revenue bonds with interest rates ranging between 4.00% and 4.75%. The City used the net proceeds, along with other resources, to purchase U.S. government securities. These securities were deposited in an irrevocable trust to provide for all future debt service on the refunded portion of the 1998 water and sewer bonds.

As a result, that portion of the 1998 water and sewer bonds is considered defeased, and the City has removed the liability from its accounts. The advance refunding increased total debt service payments over the next fifteen years by \$208,770. This results in an economic gain (difference between the present values of the debt service payments on the old and new debt) of \$426,168. The remaining portion of the bonds issued is for the purposes of the extension, enlargement, betterment, repair, and other improvements to the joint water and sewer system. The bond bears interest at rates between 3.00% through 5.00% per annum and matures on June 1, 2029. The payment of principal, premium, and interest thereon, whether at maturity or on a redemption date, are paid with income derived from the operation of the joint water and sewer system.

The annual requirements to amortize the bonds outstanding as of June 30, 2016, including interest payments, are as follows:

		Premium		
	Principal	(Discount)	Interest	Total
2017	\$ 925,000	2,483	695,556	1,620,556
2018	960,000	5,291	663,181	1,623,181
2019	995,000	7,505	627,181	1,622,181
2020	1,035,000	(768)	587,381	1,622,381
2021	1,075,000	(6,883)	545,981	1,620,981
2022-2026	6,125,000	(88,624)	1,986,427	8,111,427
2027-2031	4,415,000	(60,535)	444,750	4,859,750
Total	\$ 15,530,000	(141,531)	5,550,457	21,080,457

Landfill Closure and Post-Closure Costs

The City and Eddy County jointly own and operate a landfill. State and federal laws and regulations require that upon closing, the City and the County of Eddy place a final cover on its landfill when closed and perform certain maintenance and monitoring functions at the landfill site for thirty years after closure of the landfill site. In addition to operating expenses related to current activities of the landfill, an expense provision and related liability are being recognized based on the future closure and post-closure care costs that will be incurred near or after the date the landfill no longer accepts waste.

Based on a joint powers agreement between the City and County of Eddy, the closure and post-closure care costs will be shared at 50% for each government. The recognition of these landfill closure and post-closure care costs is based on the amount of the landfill used during each year.

The estimated total current cost of the landfill closure and post-closure care of \$3,179,041 is based on the amount that would be paid if all equipment, facilities, and services required to close, monitor, and maintain the landfill were acquired as of June 30, 2016. However, the actual cost of post-closure care

**STATE OF NEW MEXICO
CITY OF CARLSBAD
Notes to Financial Statements
For the Year Ended June 30, 2016**

may be higher due to inflation, changes in technology, or changes in state and federal landfill laws and regulations. The estimated remaining site life is approximately 72 years.

The City is required by the state of New Mexico Environmental Regulation Board to demonstrate financial assurance for the post-closure costs. The following calculation details the current amount recognized for landfill closure and post closure care as of June 30, 2016:

Estimated landfill closure cost	\$ 1,532,633
Estimated landfill post-closure care cost	1,646,408
Total estimated closure and post-closure costs	<u>\$ 3,179,041</u>
FY 16 tonnage received	89,920

NOTE 11. PENSION PLAN—PUBLIC EMPLOYEES RETIREMENT ASSOCIATION

Summary of Significant Accounting Policies

Pensions. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the New Mexico Public Employees Retirement Association (PERA) and additions to/deductions from PERA's fiduciary net position have been determined on the same basis as they are reported by PERA, on the economic resources measurement focus and accrual basis of accounting. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

General Information about the Pension Plan

Plan description. The Public Employees Retirement Fund (PERA Fund) is a **cost-sharing, multiple employer defined benefit pension plan**. This fund has six divisions of members, including State General, State Police/Adult Correction Officer, Municipal General, Municipal Police/Detention Officers, Municipal fire, and State Legislative Divisions, and offers 24 different types of coverage within the PERA plan. All assets accumulated may be used to pay benefits, including refunds of member contributions, to any of the plan members or beneficiaries, as defined by the terms of this plan. Certain coverage plans are only applicable to a specific division. Eligibility for membership in the PERA Fund is set forth in the Public Employees Retirement Act (Chapter 10, Article 11, NMSA 1978). Except as provided for in the Volunteer Firefighters Retirement Act (10-11A-1 to 10-11A-7, NMSA 1978), the Judicial Retirement Act (10-12B-1 to 10-12B-19, NMSA 1978), the Magistrate Retirement Act (10-12C- 1 to 10-12C-18, NMSA 1978), and the Educational Retirement Act (Chapter 22, Article 11, NMSA 1978), and the provisions of Sections 29-4-1 through 29-4-11, NMSA 1978 governing the State Police Pension Fund, each employee and elected official of every affiliated public employer is required to be a member in the PERA Fund.

PERA issues a publicly available financial report and a comprehensive annual financial report that can be obtained at <http://saonm.org/> using the Audit Report Search function for agency 366.

Benefits provided. For a description of the benefits provided and recent changes to the benefits see Note 1 in the PERA audited financial statements for the fiscal year ended June 30, 2015 available at http://osanm.org/media/audits/366_Public_Employees_Retirement_Association_FY2015.pdf.

Contributions. The contribution requirements of defined benefit plan members and the City are established in state statute under Chapter 10, Article 11, NMSA 1978. The contribution requirements may be amended by acts of the legislature. For the employer and employee contribution rates in effect for FY15 for the various PERA coverage options, for both Tier I and Tier II, see the tables available in the note disclosures on pages 31 and 32 of the PERA FY15 annual audit report at http://osanm.org/media/audits/366_Public_Employees_Retirement_Association_FY2015.pdf.

The PERA coverage options that apply to the City are: Municipal General Division, Municipal Police Division, and Municipal Fire Division. Statutorily required contributions to the pension plan from the City were \$1,542,448 and employer paid member benefits that were “picked up” by the employer were \$0.00 for the year ended June 30, 2016.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions: The PERA pension liability amounts, net pension liability amounts, and sensitivity information were based on an annual actuarial valuation performed as of June 30, 2014. The PERA pension liability amounts for each division were rolled forward from the valuation date to the Plan year ending June 30, 2015, using generally accepted actuarial principles. Therefore, the employer's portion was established as of the measurement date June 30, 2015. The

**STATE OF NEW MEXICO
CITY OF CARLSBAD
Notes to Financial Statements
For the Year Ended June 30, 2016**

assets of the PERA fund are held in one trust, but there are six distinct membership groups (municipal general members, municipal police members, municipal fire members, state general members, state police members and legislative members) for whom separate contribution rates are determined each year pursuant to chapter 10, Article 11 NMSA 1978. Therefore, the calculations of the net pension liability, pension expense and deferred Inflows and Outflows were preformed separately for each of the membership groups: municipal general members; municipal police members; municipal fire members; state general members; state police members and legislative members. City's proportion of the net pension liability for each membership group that the employer participates in is based on the employer contributing entity's percentage of that membership group's total employer contributions for the fiscal year ended June 30, 2015. Only employer contributions for the pay period end dates that fell within the period of June 30, 2014 to June 30, 2015 were included in the total contributions for a specific employer. Regular and any adjustment contributions that applied to FY 2015 are included in the total contribution amounts. In the event that an employer is behind in reporting to PERA its required contributions, an estimate (receivable) was used to project the unremitted employer contributions. This allowed for fair and consistent measurement of the contributions with the total population. This methodology was used to maintain consistent measurement each year in determining the percentages to be allocated among all the participating employers.

For PERA Fund Division; Municipal General Division, at June 30, 2016, the City reported a liability of \$18,376,010 for its proportionate share of the net pension liability. At June 30, 2015, the City's proportion was 1.8023 percent, which changed from its proportion measured as of June 30, 2014 of 1.6672 percent, an increase of 0.1351 percent.

For the year ended June 30, 2016, the City recognized PERA Fund Division; Municipal General Division pension expense of \$1,542,448. At June 30, 2016, the City reported PERA Fund Division; Municipal General Division deferred outflows of resources and deferred inflows or resources related to pensions from the following sources:

Municipal General Division	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ -	407,037
Changes of assumptions	-	7,160
Net difference between projected and actual earnings on pension plan investments	-	58,129
Change in proportion and differences between the City contributions and proportionate share of contributions	804,769	-
The City contributions subsequent to the measurement date	1,542,448	-
Total	<u>\$ 2,347,217</u>	<u>472,326</u>

\$1,542,448 reported as deferred outflows of resources related to pensions resulting from the City's contributions subsequent to the measurement date June 30, 2015, will be recognized as a reduction of the net pension liability in the year ended June 30, 2017.

**STATE OF NEW MEXICO
CITY OF CARLSBAD
Notes to Financial Statements
For the Year Ended June 30, 2016**

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended June 30:	Amount
2017	\$ 296,454
2018	296,454
2019	296,454
2020	(1,178,051)
2021	(43,754)
Thereafter	-
	<u>\$ (332,443)</u>

For PERA Fund Division; Municipal Police Division, at June 30, 2016, the City reported a liability of \$9,006,434 for its proportionate share of the net pension liability. At June 30, 2015, the City's proportion was 1.8730 percent, which changed from its proportion measured as of June 30, 2014 of 1.7808 percent, an increase of 0.0922 percent.

For the year ended June 30, 2016, the City recognized PERA Fund Division; Municipal Police Division pension expense of \$766,632. At June 30, 2016, the City reported PERA Fund Division; Municipal Police Division deferred outflows of resources and deferred inflows or resources related to pensions from the following sources:

Municipal Police Division	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 629,332	-
Changes of assumptions	-	372,615
Net difference between projected and actual earnings on pension plan investments	-	24,983
Change in proportion and differences between the City contributions and proportionate share of contributions	229,507	-
The City contributions subsequent to the measurement date	766,632	-
Total	<u>\$ 1,625,471</u>	<u>397,598</u>

\$766,632 reported as deferred outflows of resources related to pensions resulting from the City contributions subsequent to the measurement date June 30, 2015, will be recognized as a reduction of the net pension liability in the year ended June 30, 2017. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended June 30:	Amount
2017	\$ 22,431
2018	22,431
2019	22,431
2020	(516,056)
2021	(12,478)
Thereafter	-
	<u>\$ (461,241)</u>

For PERA Fund Division; Municipal Fire Division, at June 30, 2016, the City reported a liability of \$15,702,896 for its proportionate share of the net pension liability. At June 30, 2015, the City's

**STATE OF NEW MEXICO
CITY OF CARLSBAD
Notes to Financial Statements
For the Year Ended June 30, 2016**

proportion was 3.0425 percent, which changed from its proportion measured as of June 30, 2014 of 2.8470 percent, an increase of 0.1955 percent.

For the year ended June 30, 2016, the City recognized PERA Fund Division; Municipal Fire Division pension expense of \$834,280. At June 30, 2016, the City reported PERA Fund Division; Municipal Fire Division deferred outflows of resources and deferred inflows or resources related to pensions from the following sources:

<u>Municipal Fire Division</u>	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 618,413	-
Changes of assumptions	331,189	-
Net difference between projected and actual earnings on pension plan investments	-	18,888
Change in proportion and differences between the City contributions and proportionate share of contributions	620,555	-
The City contributions subsequent to the measurement date	834,280	-
Total	<u>\$ 2,404,437</u>	<u>18,888</u>

\$834,280 reported as deferred outflows of resources related to pensions resulting from the City's contributions subsequent to the measurement date June 30, 2015, will be recognized as a reduction of the net pension liability in the year ended June 30, 2017. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Year Ended June 30:</u>	<u>Amount</u>
2017	\$ (333,171)
2018	(333,171)
2019	(333,171)
2020	(518,012)
2021	(33,744)
Thereafter	-
	<u>\$ (1,551,269)</u>

Actuarial assumptions. As described above, the PERA Fund member group pension liabilities and net pension liabilities are based on actuarial valuations performed as of June 30, 2014, for each of the membership groups. Then each PERA Fund member group pension liability was rolled forward from the valuation date to the Plan year ending June 30, 2015, using generally accepted actuarial principles. There were no significant events or changes in benefit provisions that required an adjustment to the roll-forward liabilities as of June 30, 2015. These actuarial methods and assumptions were adopted by the Board for use in the June 30, 2015 actuarial valuation.

**STATE OF NEW MEXICO
CITY OF CARLSBAD
Notes to Financial Statements
For the Year Ended June 30, 2016**

Actuarial valuation date	June 30, 2014
Actuarial cost method	Entry age normal
Amortization method	Level percentage of pay, open
Amortization period	Solved for based on statutory rates
Asset valuation method	Fair value
Actuarial assumptions	
Investment rate of return	7.75% annual rate, net of investment expense
Payroll growth	3.50% annual rate
Projected salary increases	3.50% to 14.25% annual rate
Includes inflation at	3.00% annual rate

The long-term expected rate of return on pension plan investments was determined using a statistical analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and most recent best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>All Funds - Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
US Equity	21.1%	5.00%
International Equity	24.8%	5.20%
Private Equity	7.0%	8.20%
Core and Global Fixed Income	26.1%	1.85%
Fixed Income Plus Sectors	5.0%	4.80%
Real Estate	5.0%	5.30%
Real Assets	7.0%	5.70%
Absolute Return	4.0%	4.15%
Total	<u>100.0%</u>	

Discount rate: The discount rate used to measure the total pension liability was 7.75 percent. The projection of cash flows used to determine the discount rate assumed that future contributions will be made in accordance with statutory rates. On this basis, the pension plan's fiduciary net position together with the expected future contributions are sufficient to provide all projected future benefit payments of current plan members as determined in accordance with GASBS 67. Therefore, the 7.75% assumed long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the City's proportionate share of the net pension liability to changes in the discount rate. The following tables show the sensitivity of the net pension liability to changes in the discount rate. In particular, the tables present the City's net pension liability in each Page 7 PERA Fund Division that the City participates in, under the current single rate assumption, as if it were calculated using a discount rate one percentage point lower (6.75%) or one percentage point higher (8.75%) than the single discount rate.

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in the separately issued FY15 PERA financial report. The report is available at <http://www.pera.state.nm.us/publications.html>.

Payables to the pension plan. Employers should disclose the amount of payables to the Plan with a description of what gave rise to the payable per GASBS 68, paragraphs 122 and 124.

NOTE 12. POST-EMPLOYMENT - STATE RETIREE HEALTH CARE PLAN

Plan Description—The City contributes to the New Mexico Retiree Health Care Fund, a cost-sharing multiple employer defined benefit post-employment healthcare plan administered by the New Mexico Retiree Health Care Authority (RHCA). The RHCA provides health care insurance and prescription drug benefits to retired employees of participating New Mexico government agencies, their spouses, dependents, and surviving spouses and dependents. The RHCA Board was established by the Retiree Health Care Act (Chapter 10, Article 7C, NMSA 1978). The Board is responsible for establishing and amending benefit provisions of the healthcare plan and is also authorized to designate optional and/or voluntary benefits like dental, vision, supplemental life insurance, and long-term care policies.

Eligible retirees are: 1) retirees who make contributions to the fund for at least five years prior to retirement and whose eligible employer during that period of time made contributions as a participant in the RHCA plan on the person's behalf unless that person retires before the employer's RHCA effective date, in which the event the time period required for employee and employer contributions shall become the period of time between the employer's effective date and the date of retirement; 2) retirees defined by the Act who retired prior to July 1, 1990; 3) former legislators who served at least two years; and 4) former governing authority members who served at least four years.

The RHCA issues a publicly available stand-alone financial report that includes financial statements and required supplementary information for the post-employment health care plan. That report and further information can be obtained by writing to the Retiree Health Care Authority at 4308 Carlisle NE, Suite 104, Albuquerque, New Mexico 87107.

Funding Policy—The Retiree Health Care Act (Section 10-7C-13 NMSA 1978) authorizes the RHCA Board to establish the monthly premium contributions that retirees are required to pay for healthcare benefits. Each participating retiree pays a monthly premium according to a service based subsidy rate schedule for the medical plus basic life plan plus an additional participation fee of five dollars if the

**STATE OF NEW MEXICO
CITY OF CARLSBAD
Notes to Financial Statements
For the Year Ended June 30, 2016**

eligible participant retired prior to the employer's RHCA effective date or is a former legislator or former governing authority member. Former legislators and governing authority members are required to pay 100% of the insurance premium to cover their claims and the administrative expenses of the plan. The monthly premium rate schedule can be obtained from the RHCA or viewed on their website at www.nmrhca.state.nm.us.

The employer, employee and retiree contributions are required to be remitted to the RHCA on a monthly basis. The statute requires for the employer and employee contributions can be changed by the New Mexico State Legislature. Employers that choose to become participating employers after January 1, 1998, are required to make contributions to the RHCA fund in the amount determined to be appropriate by the Board. The Retiree Health Care Act (Section 10-7C-15 NMSA 1978) is the statutory authority that establishes the required contributions of participating employers and their employees. For employees that were members of an enhanced retirement plan (state police and adult correctional officer member coverage plan 1; municipal police member coverage plans 3, 4 or 5; municipal fire member coverage plans 3, 4 or 5; municipal detention officer member coverage plan 1; and members pursuant to the Judicial Retirement Act) during the fiscal year ended June 30, 2016, the statutes required each participating employer to contribute 2.5% of each participating employee's annual salary; and each participating employee was required to contribute 1.25% of their salary.

For employees that were not members of an enhanced retirement plan during the fiscal year ended June 30, 2016, the statute required each participating employer to contribute 2.0% of each participating employee's annual salary; each participating employee was required to contribute 1.0% of their salary. In addition, pursuant to Section 10-7C-15(G) NMSA 1978, at the first session of the Legislature following July 1, 2013, the legislature shall review and adjust the distributions pursuant to Section 7-1-6.1 NMSA 1978 and the employer and employee contributions to the authority, in order to ensure the actuarial soundness of the benefits provided under the Retiree Health Care Act.

The City's contributions to the RHCA for the years ended June 30, 2016, 2015 and 2014 were \$522,165, \$479,114, and \$435,738, respectively, which equal the required contributions for each year.

Total		\$ 12,977,800	9,278,536	3,699,264	71.50%

The City also had commitments outstanding at June 30, 2016, relating to vehicle and equipment orders totaling approximately \$1,600,000.

Operating Lease Commitments

The City is the lessee in various operating type leases involving copiers, scanners, and grounds maintenance equipment due in either monthly or quarterly payments. The leases expire in various years through fiscal year 2020. Total operating lease expense for the year ended June 30, 2016 was approximately \$353,000 and was apportioned between governmental and business type activities.

Year Ended June 30,	Amount
2017	\$ 353,184
2018	281,402
2019	153,368
2020	118,859
2021	109,406
	<u>\$ 1,016,219</u>

NOTE 14. RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City has joined together with other local governments in the state and obtained insurance through the New Mexico Self-Insured Fund, a public entity risk pool currently operates as a common risk management and insurance program for local governments. The City pays an annual premium to New Mexico Self Insured Fund for its general insurance coverage, and all risk of loss is transferred.

The City maintains a self-insurance program for workers' compensation and employee health benefits. These programs are accounted for in the Internal Service Funds. Funding is provided by charging the

**STATE OF NEW MEXICO
CITY OF CARLSBAD
Notes to Financial Statements
For the Year Ended June 30, 2016**

other funds as costs are incurred for workers' compensation benefits and charging an estimated premium based on a minimum plan for employees' health benefits. Management does not have the information available to make a reasonable estimate of the amount of incurred but unreported claims and other outstanding liabilities of the plans; accordingly, no liability has been recorded.

NOTE 15. CONTINGENT LIABILITIES

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amounts, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the City expects such amounts, if any, to be immaterial.

The City is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, it is the opinion of the City's legal counsel that resolution of these matters will not have a material adverse effect on the financial condition of the City.

NOTE 16. OTHER REQUIRED INDIVIDUAL FUND DISCLOSURES

Generally accepted accounting principles require disclosure of certain information concerning individual funds including:

Deficit Fund Balance of Individual Funds

There were no funds that had a deficit fund balance for the year ended June 30, 2016.

Excess of Expenditures Over Appropriations

There were no funds that exceeded approved budgetary authority for the year ended June 30, 2016.

Designated Cash Appropriations

There were no funds that exceeded approved designated cash appropriations for the year ended June 30, 2016.

NOTE 17. INTERFUND TRANSFERS

Transfers are used to move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend. Transfers are used to move unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations. Transfers are also used to account for proper capitalization of assets with the governmental and business type activities.

**STATE OF NEW MEXICO
CITY OF CARLSBAD
Notes to Financial Statements
For the Year Ended June 30, 2016**

NOTE 18. DUE TO DUE FROM

The City records temporary interfund receivables and payables to enable funds to operate until fund can be repaid. All interfund balances are to be repaid within one year.

<u>Due to - Advance From</u>	<u>Due from - Advance to</u>			
	<u>Nonmajor Governmental Activities</u>	<u>Sold Waste Fund</u>	<u>Water and Sewer Fund</u>	<u>Total</u>
General Fund	\$ 440,591	-	-	440,591
Nonmajor governmental activities	-	13,520	640	14,160
Total	\$ 440,591	13,520	640	454,751

The \$440,591 due from the nonmajor governmental activities is a temporary cash loan from the general fund to the airport and sports complex fund (\$132,380 and \$308,211 respectively) for working capital. The airport fund had a delay in collecting intergovernmental grant revenues and the sports complex fund delayed in requesting available loan proceeds from the New Mexico Finance Authority. The \$14,160 is an amount due the street system improvement fund from the solid waste and the water and sewer fund. Proceeds from the sale of capital assets were deposited into the incorrect funds during the fiscal year ended June 30, 2016.

**STATE OF NEW MEXICO

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH GOVERNMENT AUDITING STANDARDS**

Tim Keller
New Mexico State Auditor
To the Major and City Councilors
The City of Carlsbad
Carlsbad, New Mexico

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, the aggregate remaining fund information, and the budgetary comparison of the general fund, of the City of Carlsbad (City) as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and the combining and individual funds and related budgetary comparisons of the City presented as supplemental information of and have issued our report thereon dated December 14, 2016.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However material weaknesses may exist that were not identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on

compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Mr. Tim Keller
New Mexico State Auditor
The Mayor and City Council
City of Carlsbad
Carlsbad, New Mexico

Report on Compliance for Each Major Federal Program

We have audited the City of Carlsbad, State of New Mexico's (City) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the City's major federal programs for the year ended June 30, 2016. The City's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the City's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of *Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the City's compliance.

Opinion on Each Major Federal Program

In our opinion, the City, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2016.

Report on Internal Control Over Compliance

Management of the City is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness* in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
