II. **Emergency Procurement Request**

DEFINITION OF EMERGENCY CONDITIONS:

An emergency condition is a situation which creates a threat to public health, welfare, safety or property such as may arise by reason of floods, epidemics, riots, equipment failures or similar events. The existence of the emergency condition creates an immediate and serious need for services, construction or items of tangible personal property that cannot be met through normal procurement methods and the lack of which would seriously threaten:

- A. the functioning of government;
- B. the preservation or protection of property; or
- C. the health or safety of any person.

Please provide a detailed explanation for why the purchase required meets the above definition of an Emergency Condition.

N/A

** The Emergency Determination will only be in effect as long as needed to alleviate the emergency conditions. Once the emergency condition has passed, regular procurement methods and procedures must be followed.

Sole Source Determination

III. Provide a detailed, sufficient explanation of the reasons, qualifications, proprietary rights or unique capabilities of the prospective contractor that makes the prospective contractor ***the one source*** capable of providing the required professional service, service, construction or item(s) of tangible personal property. (Please do not state the source is the “best” source or the “least costly” source. Those factors do not justify a “sole source.”)

Pathsolutions provides network troubleshooting with perpetual license. They provide root cause of VoIP, UC, Video, Network switch gear at the port level. They pickup anything that is on your network at the base level as well as remote users. Total network visibility. We can monitor and troubleshoot all devices on our Network in one location. We currently use multiple other software applications to accomplish this task with some devices not being discovered.

IV. Provide a detailed, sufficient explanation of how the professional service, service, construction or item(s) of tangible personal property is/are ***unique and how this uniqueness is substantially related to the intended purpose of the contract.***

V. Explain why other similar professional services, services, construction or item(s) of tangible personal property *cannot* meet the intended purpose of the contract.

VI. Provide a narrative of the due diligence used in determining the basis for the procurement, including a review of available sources and include Include a list of businesses contacted (*do not state that no other businesses were contacted*), date of contact, method of contact (telephone, mail, e-mail, other), and documentation demonstrating an explanation of why those businesses could not or would not, under any circumstances, provide the goods or services; or an explanation of why the department has determined that no businesses other than the prospective contractor can provide the goods or services requested.

IT has been researching and testing multiple other applications over the past 18 months and have implemented several of these applications to monitor our network devices, phones, traffic, etc. We still find devices that are not being monitored and slip through the applications capability. We have been testing Pathsolutions and have been able to detect all our network devices, phones, traffic, etc. in one location with reporting and real time schematics. We have even uncovered some potential threats or vulnerabilities in our network.
